

South Central Fresno Community Emissions Reduction Program (CERP) Development

August 14, 2019

San Joaquin Valley Air Pollution Control District

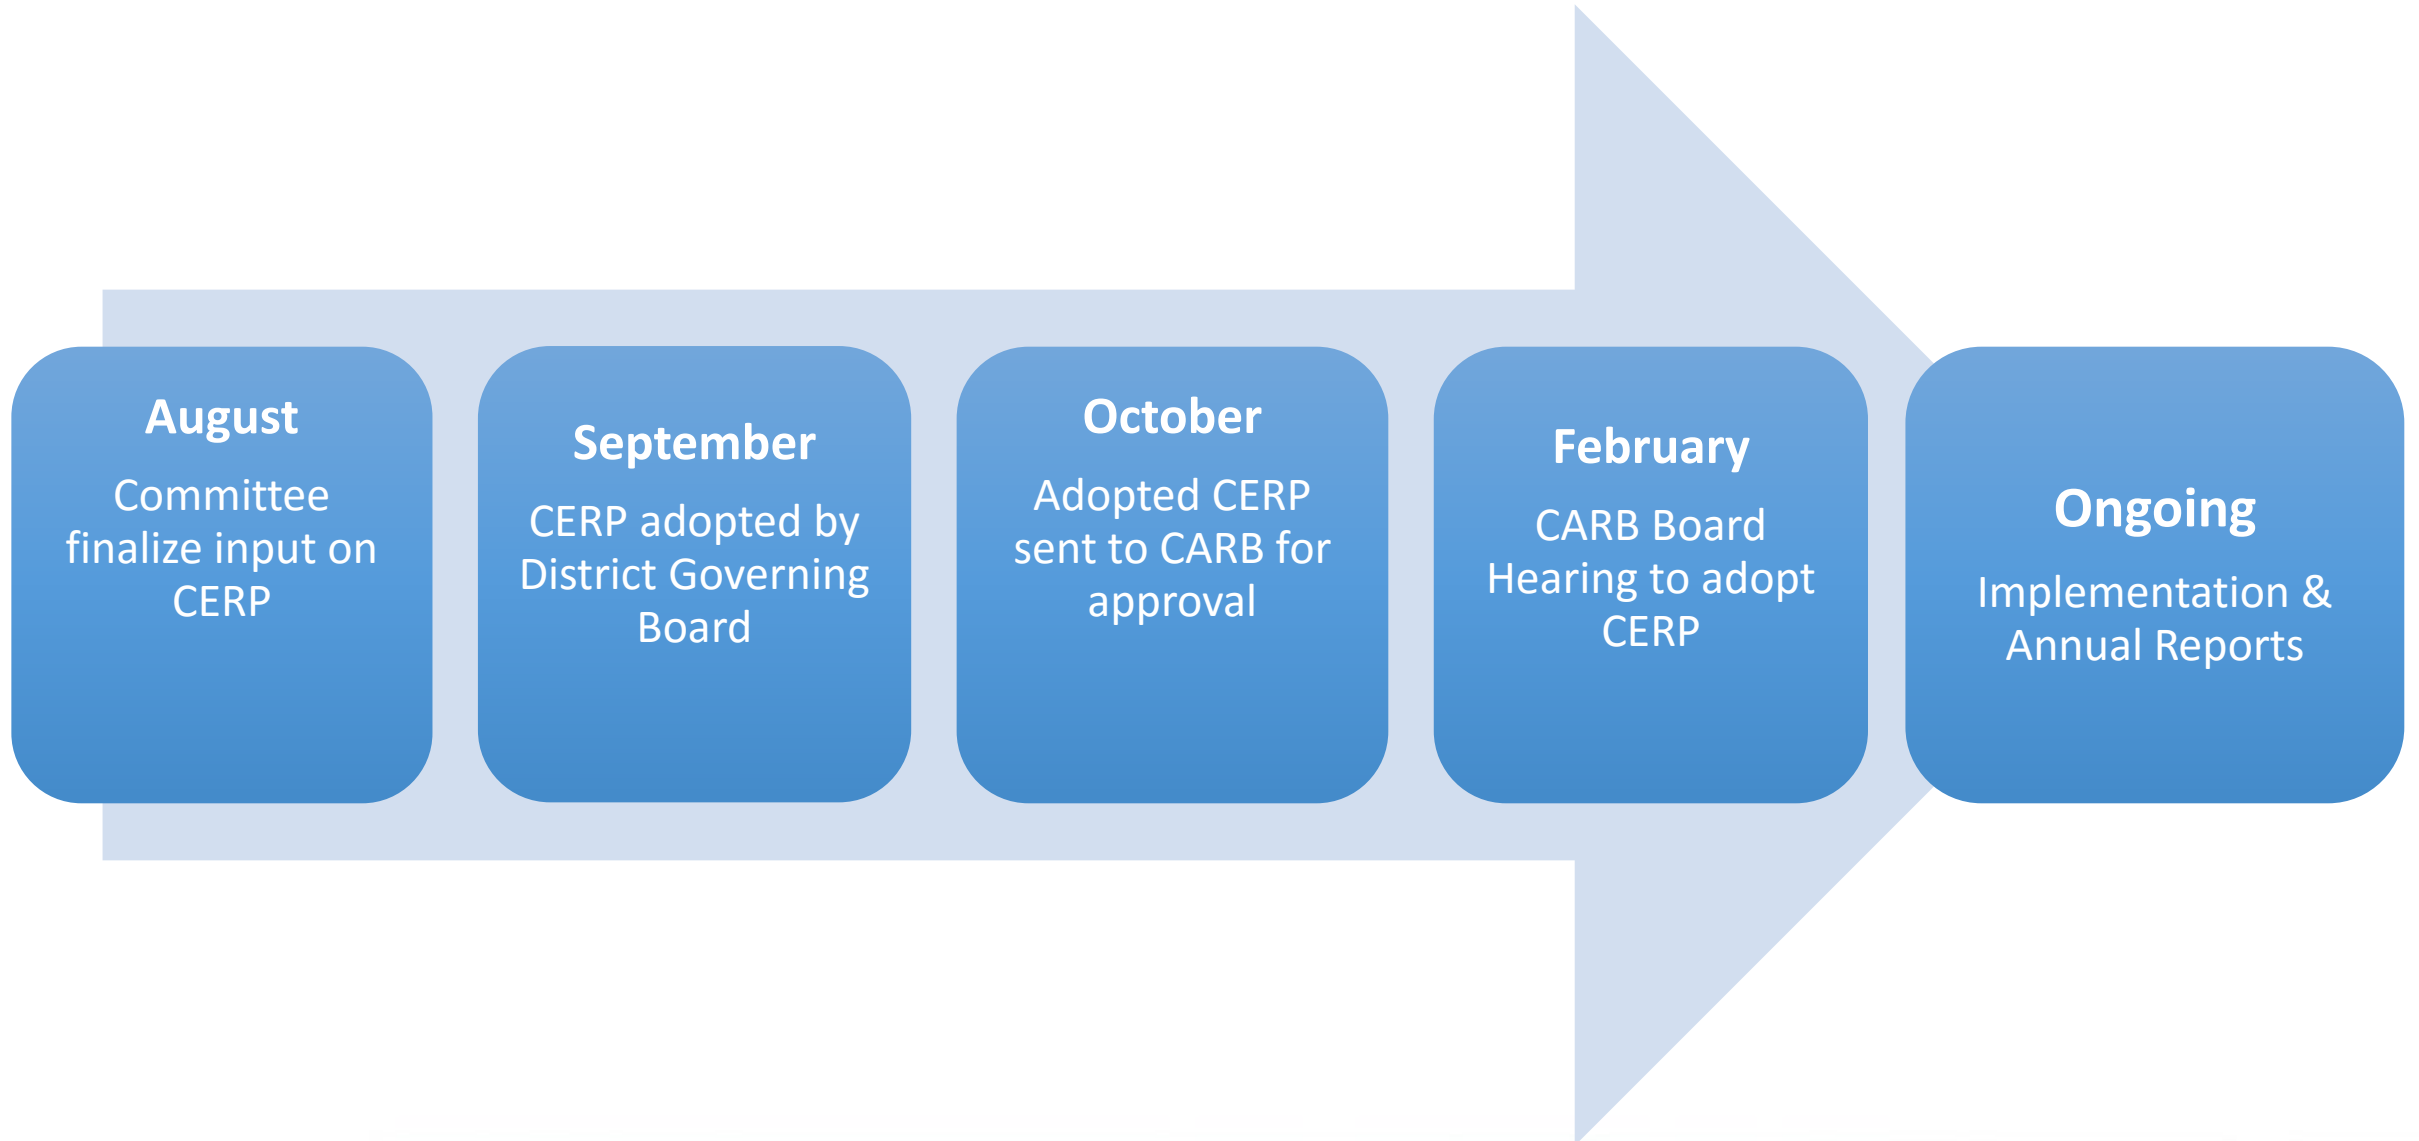

Community Emissions Reduction Program

- Draft CERP published today-huge thanks to Steering Committee
- Elements of a CERP include:
 - Understanding the community
 - Community partnerships & public engagement
 - What are the community air quality challenges and concerns?
 - How can we collectively address these challenges and concerns?
 - Implementation schedule
 - Enforcement plan
 - Metrics to track progress over time
- Guidance on CERPs included in CARB's Community Air Protection Blueprint: Appendix C

Next Steps for CERP Development

- Comments and suggestions received on July 29, 2019, and subsequent written responses received at July 31 Open House
 - District, working with other agencies, continues to review those comments and incorporate them into updated set of measures
 - These comments are NOT yet reflected in the Draft CERP
- District will release an updated Draft CERP in late August
 - Possible changes to measures based on community feedback
 - Will incorporate responses from other responsible agencies
 - Comment period after publication
- Public workshop on CERP planned for August 28, 2019
- Upcoming CSC Meeting: September 4, 2019

Upcoming CERP Development Timeline
