

Stockton AB 617 CSC Meeting- Chat Transcript Sep 7, 2022 5:00-7:00p.m

00:23:43 Jonathan Pruitt: Good evening everyone!

00:25:22 Gaby Magana (she/her), H+Co: let me call in

00:25:24 Matt Holmes: that is one hot mic

00:25:42 Matt Holmes: might be the audio jack got knocked loose

00:25:47 Gaby Magana (she/her), H+Co: Its my computer fan struggling in this heat

00:32:36 AD - Stephanie Ng (she/hers): Today's agenda:
https://community.valleyair.org/media/4302/09072022_stockton-agenda.pdf

00:34:17 CSC-Jonathan Pruitt Catholic Charities: Thank you for being here UC Davis!

00:35:08 Gaby Magana (she/her), H+Co: Thank you Peter and Maria!

00:35:57 P, Peter Nguyen - UC Davis: Thank you so much for having us here! If folks have any questions about our research study, you can feel free to email me at pvtnguyen@ucdavis.edu!

00:37:06 R -Gloria Alonso Cruz: Nice to see other students from the region!!! Would love to connect with you both while I am attending Sac State. Thanks for being here((:

00:39:07 P, Peter Nguyen - UC Davis: Yes, it would be great to connect with you!

00:45:12 CSC-Jonathan Pruitt Catholic Charities: Makes sense!

00:46:23 CRC R Ned Leiba: Our first goal should be improvement in health in our Stockton AB 617 area, not reduce emissions per se. Health improvement based on solid science, double blind randomized studies. Then see link between actual exposure, not emissions, and health. Finally emissions, which are very blunt, indirect and could result in a misallocation of economic resources. We want cost benefit based on the most economically efficient way to achieve health improvements.

00:48:10 CSC-Matt Holmes: Thanks Ned. Nothing more expensive and wasteful than hospitalization.

00:48:56 r-Bobby G: I'm not in a place that I can talk but I lean toward 2.

00:50:43 R - Nate Knodt: Nate Knodt - Now SUSD Director Transportation

00:51:20 R - Nate Knodt: KNodt@stocktonusd.net and (209) 933-7145 ext. 2660

00:51:34 R - Flores Jennifer-Csc: I choose #2. I would like to see things changing sooner than later.

00:52:46 CSC-Jonathan Pruitt Catholic Charities: She is not present

00:54:42 CSC-Jonathan Pruitt Catholic Charities: Well said Mr. Johnson

00:55:01 R-Stacey Panyasee: I choose #2 as well. Every day counts and the sooner we can make a positive impact/decisions then the livelihood of residents can improve.

00:56:01 R-Florence Quilantang CSC: #2 best aligns with how I make these decisions. Our communities have been waiting awhile for change. #3 is a close second.

01:03:51 R - Douglas Vigil He/Him: I was trying to make sure I was mute thank you

01:04:04 Gaby Magana (she/her), H+Co: Thanks Doug!

01:04:43 Gaby Magana (she/her), H+Co: will do

01:05:08 CSC-Jonathan Pruitt Catholic Charities: I meant to say both 2 and 3 from my end

01:06:05 R - Nate Knodt: I choose # 2 as top priority as our main objective is to improve the health of our residents as quickly as possible. # 3 is a close second as funding is fragile and must be used while available and to continue funding streams. However, we cannot spend money just to spend money; the expenditures must provide real results for residents. # 1 will result in the long term if # 2 and # 3 are implemented properly.

01:06:38 CSC-Jonathan Pruitt Catholic Charities: Oh Hey Kevin!

01:06:45 CSC ALT - Cynthia Pinto-Cabrera: Agree with Elaine. We should and equity language to these

01:07:08 P - Kevin Sunga (He/Him/Siya) | Little Manila Rising: Hey Jonathan! Thank you for the kind introduction, Elaine. Glad to be in this space with you all 😊

01:08:15 R -Gloria Alonso Cruz: Thanks for highlighting Elaine! Sending health and love for you family🙏

01:08:44 CSC ALT - Elaine Barut Labson - She/Hers, Little Manila Rising: Thank you Gloria! 🍀

01:09:57 CSC-Jonathan Pruitt Catholic Charities: Robin does not work at Public Health anymore

01:10:14 CSC ALT - Elaine Barut Labson - She/Hers, Little Manila Rising: ^^

01:10:26 AD - Jessica Olsen: Good to know, thanks Jonathan! This is why we are going through that renewal form process that Stephanie will talk about. :)

01:10:29 CRC R Ned Leiba: I am not aware of any studies that show GHG exposure have a direct effect on health at anything less than 10000 PPM not our current ambient 400 PPM. We should focus on criteria air pollutants that have a demonstrated, direct effect on public health in the AB 617 area. We should wisely focus on those pollutants PM2.5 SOX NOX VOC, and the link between actual exposure and the incidence of asthma. Asthma is the most serious problem we can address, and have some hope to measure progress. Thank you.

01:10:30 Gov - Brianna Rubio: #2

01:10:39 Gov - Brianna Rubio: Sorry mic is not working

01:12:34 Gov - Christine Tran (SJCOG): Hi everyone! I have not shared, but I am also leaning toward value #2. Many people made great points about it, and I agree. Thanks!

01:14:57 CSC-Jonathan Pruitt Catholic Charities: This exercise was much needed

01:15:02 CSC-Jonathan Pruitt Catholic Charities: It took time but it was needed

01:20:04 AD - Stephanie Ng (she/hers): CERP incentive measure update presentation: https://community.valleyair.org/media/4323/9722_stockton-incentives-update.pdf

01:20:15 R - Margo Praus: Thanks, Gabby and everyone in the group today. Good to hear everyone's thoughts a little clarified.

01:20:15 R - Lenard Seawood2: moving to phone...

01:22:16 CSC-Jonathan Pruitt Catholic Charities: Nate's killing it!

01:22:26 CSC - Espe Vielma: FELICIDADES NATE !!!!!

01:22:27 R - Douglas Vigil He/Him: Congradutions Ned

01:27:27 CSC-Jonathan Pruitt Catholic Charities: This is an important incentive. This is something Johns Hopkins researchers have been looking at for getting residents to change their old wood burning fireplaces. Given that we have something here, the more funding into this the more likely people are going to apply to this incentive program

01:32:44 CSC ALT - Cynthia Pinto-Cabrera: Last discussion some folks brought up some incentives to help pay for switching over to electric. Has Valley air looked into that?

01:36:07 R - Nate Knodt: Yes. I believe in pursuing this funding/emissions reduction strategy.

01:36:08 CSC-Jonathan Pruitt Catholic Charities: People are not thinking about fireplaces because it is hot right now

01:36:37 CSC-Jonathan Pruitt Catholic Charities: But health prevention is key for our South Stockton communities. We need to switch the paradigm on this

01:37:25 R - Margo Praus: I agree with Jonathan. Too hot to think about right now, but as the seasons change, and as people are reminded not to burn on NO Burn days, this info could be helpful.

01:37:25 CSC - Espe Vielma: We need to make sure to work closely with HEAP there is a process there and we need to help streamline it for out AB617 residents.

01:37:55 CRC R Ned Leiba: Let me make sure I understand the numbers.
\$115k / 49k PM2.5 MT per year, = \$2.3k per MT rather high but of course that is over years of savings. Is the 49k the incremental effect of the +115k vs the savings from the entire program, where each device has a cost of 4k. Thanks.

01:45:16 R - Margo Praus: Yes

01:45:20 CSC-Jonathan Pruitt Catholic Charities: Yes

01:45:21 R - Mary Elizabeth: Yes

01:45:21 R-Florence Quilantang CSC: Yes.

01:45:24 CSC ALT - Elaine Barut Labson - She/Hers, Little Manila Rising: Yes, for residents who utilize the program, we should guarantee they receive an air purifier to mitigate IAQ

01:45:25 CSC - Espe Vielma: Yes

01:45:25 R - Douglas Vigil He/Him: Yes

01:45:29 R - Nate Knodt: Yes

01:45:31 R-Stacey Panyasee: Yes

01:45:31 Gov - Christine Tran (SJCOG): Yes

01:45:33 R -Gloria Alonso Cruz: yes

01:45:34 CSC - Spencer Fern - Restore the Delta: Yes

01:45:35 R- Jazmarie LaTour: yes

01:45:55 CSC-Jonathan Pruitt Catholic Charities: That's a good point too!!! @Elaine!

01:46:00 CSC - Brianna Rubio: Yes

01:46:00 R - Flores Jennifer-Csc: no

01:46:03 r-Bobby G: Yes

01:46:05 CRC R Ned Leiba: Yes, I do hope the APD would consider throwing in a hand held PM2.5 monitor so folks could avoid high exposure from whatever source.

01:46:06 AD - Jessica Olsen: Thanks Elaine!

01:46:32 CSC ALT - Kevin Sunga (He/Him/Siya) | Little Manila Rising: Yes- considering a direction towards incentives for electric replacement

01:47:14 CSC-Jonathan Pruitt Catholic Charities: That is Lenard!

01:47:18 AD - Jessica Olsen: Thanks Kevin! There is an incentive for electric replacement, too.

01:47:32 CSC ALT - Cynthia Pinto-Cabrera: Yes, and I would ask electric fireplaces be prioritized

01:47:35 CSC-Jonathan Pruitt Catholic Charities: We all know Lenard's voice :)

01:48:02 R- Jazmarie LaTour: I'd also like to see how it's possible for AD to commit to identifying additional opportunities for mitigating electric fireplace costs.

01:48:56 R- Jazmarie LaTour: Yes utility bill

01:49:20 CSC ALT - Cynthia Pinto-Cabrera: I support Jazmarie's proposal!

01:49:24 CSC ALT - Cynthia Pinto-Cabrera: And Elaine's

01:50:01 CSC ALT - Kevin Sunga (He/Him/Siya) | Little Manila Rising: That is correct!

01:50:05 CSC ALT - Kevin Sunga (He/Him/Siya) | Little Manila Rising: Thank you

01:51:05 CRC R Ned Leiba: I agree 100% with Jonathan's suggestion!!!

01:53:11 R - Douglas Vigil He/Him: Huh I don't understand what Jonathon suggestion??

01:54:42 AD - Jessica Olsen:
<https://ww2.valleyair.org/media/sh1j535p/burncleanereligibility021822.png>

01:57:14 CRC R Ned Leiba: Douglas, have air monitors inside the house, so we can see the improvement in a reduction of PM2.5 from removal of wood burning fireplaces. Also, we would expect to see the same beneficial effect from air filtration. I would urge a link to actual health, e.g., lower incidence of asthma of members in the household. I urge we give folks hand held pm2.5 monitors so to register and avoid his PM2.5 exposure.

01:58:25 R - Douglas Vigil He/Him: Thank you Ned

01:58:34 R - Douglas Vigil He/Him: Thank you Joanthan

02:03:24 AD - Stephanie Ng (she/hers): Next Indoor Air & Weatherization Subcommittee Meeting: Tues, Sept 27th @ 4 pm

02:10:12 CSC-Jonathan Pruitt Catholic Charities: Did we do updates on air monitoring?

02:10:50 AD - Stephanie Ng (she/hers): District is up next! Chay is here to give us updates :)

02:10:54 Chay Thao: Jonathan, not yet. I will be providing that next here.

02:12:39 CSC - Espe Vielma: Was the flyer emailed to us?

02:12:45 Gaby Magana (she/her), H+Co: Scott, will you post the flyer link here?

02:13:08 Skott Wall-CARB: Here it is again. Thanks!

02:13:38 Gaby Magana (she/her), H+Co: Thank you!

02:16:35 AD - Stephanie Ng (she/hers): Membership renewal form:
<https://forms.gle/EViVat6waoJMbTMC8>

02:16:48 AD - Stephanie Ng (she/hers): Call us at 559-230-6000 if you need help with the form!

02:17:18 AD - Stephanie Ng (she/hers): Chay's air monitoring updates are summarized in this document: <https://community.valleyair.org/media/4322/camp-implementation-status-9-7-22.pdf>

02:25:04 AD - Stephanie Ng (she/hers): Resharing contact info if you need help with the membership renewal form
 Phone: 559-230-6000
 Email: AB617@valleyair.org

02:25:28 CSC-Jonathan Pruitt Catholic Charities: Thank you everyone for a wonderful meeting and appreciate all residents that are on here tonight

02:25:29 Gov - Christine Tran (SJCOG): Thank you, everyone!

02:25:37 AD - Heather Heinks: No comments on YouTube

02:25:43 CSC - Espe Vielma: Gracias !!

02:25:48 CSC-Jonathan Pruitt Catholic Charities: Goodnight all!

02:25:52 CSC ALT - Elaine Barut Labson - She/Hers, Little Manila Rising: Thank you everyone! See you back in January 😊

02:25:54 R- Jazmarie LaTour: TY!
