01:03:39 V-CSC - Noehmi Jauregui - St. George School: What was the reason that Ned did not get a response?

01:16:13 V-CSC - Noehmi Jauregui - St. George School: That was fun!  
[njauregui@stgeorgeschoolstockton.org](mailto:njauregui@stgeorgeschoolstockton.org)

01:17:01 V-CSC-Mariah Looney: So much fun! Thanks for the great conversation Susan. :)

01:17:24 V-R - Regina Reynolds-Griffin: nice to meet you Bianca !

01:17:37 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: For Paulette, my email is [jpruitt@ccstockton.org](mailto:jpruitt@ccstockton.org). It was very great to meet you :)

01:17:39 Susan Hurley - OEHHA: To Mariah -- yes, great to meet you!

01:18:02 CSC Alt - Arlene Galindo, Cafe Coop: Great meeting my group. Thanks Cynthia for taking the lead:)

01:22:46 GOV - Robyn DeGuzman: I actually see that Matt Holmes isn't here...did he get kicked off?

01:22:50 CSC Alt - Dillon Delvo: For some reason Matt Holmes got kicked off the call and can't get back in.

01:23:24 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: I think people's internets have been spotty all day

01:23:53 Kim Danko - ILG: we have been working to admit him

01:24:10 V-CSC - Catherine Garoupa White, CVAQ: Hopefully people got to enjoy some rain today, though it has been causing connectivity issues!

01:25:10 V-CSC - Irene Calimlim: If people are getting kicked out that is concerning if people don't get in as a voting member

01:26:24 V-R - Regina Reynolds-Griffin: Hello Jon

01:26:35 Kim Danko - ILG: Matt, did you make it on?

01:26:58 Erica Manuel - ILG: Matt is having internet issues, but no one else has been kicked off so far!

01:27:11 V-CSC - Matt Holmes: I'm in

01:27:15 Kim Danko - ILG: great!

01:29:01 V-CSC - Noehmi Jauregui - St. George School: Ned had strong feelings about the CAMP. I would like to see his letter. I believe he was listed as a resident. He didn't want to approve the CAMP and I would like more information about his thinking.

01:29:09 V-CSC - Irene Calimlim: Jonathan I appreciated what you said in your comment. We never discussed anything around ownership and who implements out the CAMP but instead just selected the locations and types of monitors

01:30:05 GOV - Ann Rogan: Jon - can you confirm to what extent our comments and questions were reflected in the aggregated CAMP feedback document? Just double checking, but I don't see our questions listed there.

01:31:03 V-CSC - Catherine Garoupa White, CVAQ: Last time I'll post this as a reminder :) Contribute to a "word cloud"! (optional)

Computer/tablet: <http://www.PollEV.com/catherinegar503>

Phone: Text CATHERINEGAR503 to 22333 to join, then text your response.

01:31:19 V-CSC - Mariah Looney: I can't find where the link to the CAMP is. Was it sent out?

01:31:27 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: lol. just for the future, could we please include last names for Jon's. John K or John P

01:32:26 GOV - Ann Rogan: Mariah - [http://community.valleyair.org/media/2146/stockton-camp-csc-comments-and-responses\\_11-2020.pdf](http://community.valleyair.org/media/2146/stockton-camp-csc-comments-and-responses_11-2020.pdf)

01:33:02 Heather Heinks - AD: Here's the CAMP: <http://community.valleyair.org/media/2062/00-stockton-camp-oct-2020.pdf>

01:34:03 Ryan Hayashi - AD: Hi Ann, I will look into the question about your comments Ann

01:34:31 V-CSC - Mariah Looney: Thanks!

01:35:36 V-CSC - Noehmi Jauregui - St. George School: I am wondering about the actual monitors. Matt brought up another idea for community monitoring that was effective and less expensive than what we have in the CAMP. I am wondering how the vendor for the monitors was chosen and what those monitors do that is different from Matt's monitor? Why would we pay more for anything? Can we hear from Matt to weigh out pros and cons?

01:36:09 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Just so people know for my comment, I wanted to make sure we allow other schools be included in the monitoring plan like

- Spanos Elementary School
- King Elementary School
- Huerta Elementary School

- Hazelton Elementary.

All four of these schools are in close proximity with major corridors (I-5 and Highway 4).

01:36:21 V-CSC - Matt Holmes: Thanks Noehmi. Happy to brief folks.

01:36:29 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: We can include those schools later.

01:37:07 Ryan Hayashi - AD: Thanks Jonathan

01:37:43 V-CSC - Noehmi Jauregui - St. George School: I may have missed it but do those monitors give us real-time data?

01:38:03 Ryan Hayashi - AD: Yes Noehmi

01:38:10 V-CSC - Noehmi Jauregui - St. George School: thanks

01:38:14 V-CSC - Catherine Garoupa White, CVAQ: Can someone without internet access also see the data? And is weekly the most frequent it can be shared?

01:38:36 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: We will make sure Stockton Unified can get this fast tracked to get those monitors in

01:38:43 V-CSC - Matt Holmes: How are we defining "real Time"

01:38:48 GOV - Ann Rogan: Heather - is the CAMP link you just shared a revised version, or the original version?

01:38:59 Heather Heinks - AD: The original

01:39:11 Heather Heinks - AD: Jon was sharing revisions on screen

01:39:18 GOV - Ann Rogan: OK, thanks. Is there a link for a current, revised version that Jon is showing us on the screen?

01:39:53 GOV - Robyn DeGuzman: @Noehmi, good point...I didn't think about how there could be different vendors for air monitoring

01:39:59 V-R - Stacey Panyasee: Please clarify, is the real-time data hourly?

01:40:01 V-R - Paulette Amous: Marshal school

01:40:08 Ryan Hayashi - AD: Hi Noehimi, Based on my discussions with Bay Area AQMD, the low cost sensor monitoring data collected was a first phase and they are going to be using similar monitoring that has been proposed by the Air District to collect data about sources of concern and types of pollutants being emitted

01:41:45 GOV - Ann Rogan: Jon - if our questions weren't captured in the aggregated document, it would be very helpful to know how the document was revised to reflect the questions that were raised as feedback.

01:41:52 V-CSC - Irene Calimlim: If the updated plan is not posted then we don't know all the details of what we are voting for

01:42:12 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Very good point Irene!

01:42:47 V-R - Bianca Mendoza: Great point Irene! I would also like to review the comments and responses that were barely posted as well before any voting happens

01:43:13 V-CSC - Noehmi Jauregui - St. George School: Yes, I would like to see Ned's letter and the complete comments/responses.

01:43:29 V-CSC - Mariah Looney: I agree with Irene. I think that we need to have the reviewed CAMP in order to make a decision.

01:44:05 CSC Alt - Dillon Delvo: Would like to know the response to the City of Stockton's questions.

01:44:36 V-R - Bianca Mendoza: So what would not be able to be changed if voted on today?

01:45:13 V-R - Stacey Panyasee: Matt, if there are air monitoring systems that are just as effective and less costly, please share

01:45:40 V-CSC - Matt Holmes: sure I'll discuss

01:45:54 V-R - Stacey Panyasee: Thank you!

01:48:12 V-CSC - Espe Vielma : the vendors for the community monitors was already chosen ? was there an RFP ? vendors and trainers for workforce development should be from and based in the valley we have CBO doing work here in the valley that can teach community science to our stockton community work by EJ for EJ

01:49:57 V-CSC - Irene Calimlim: Yes I don't think our previous meetings discussed the roles and responsibility and it currently stands that "district responsible for all of the procuring, installing, deploying, and maintaining" the monitors. It sounds like a lot of comments are asking why this can't advance some of what we have been lifting up such as community ownership and workforce development and training of the installation in the hands of the community. Does anyone else recall this ever being asked or set prior?

01:50:35 V-CSC - Noehmi Jauregui - St. George School: Agree with Espe and Irene.

01:51:03 Kyle Goff - CARB: Hey Matt -- I can give a bit of perspective from CARB's incentives side of things! Some of the more innovative or new kinds of incentives like school air filtration, or new stuff cooked up as part of the CERP, may do well to have emissions reductions confirmed or supported through local monitoring, but definitely the more traditional incentives like the Moyer Program have well-documented and robust emission reductions!

01:51:18 GOV - Robyn DeGuzman: Matt, where did you create your monitoring system? It would be great to see this in action

01:51:50 V-CSC - Catherine Garoupa White, CVAQ: The response to comments says things like the CAMP is to "detect and measure criteria air pollutants" and produce a "valuable dataset" - I agree that there should be more to co-power with the community, and more components focused on protecting people's health from danger spikes in a timely manner.

01:52:26 V-R - Gene Fuss: A good article on INDOOR air monitoring and the comparison of different qualities of air particle monitors.

<https://www.betterhomeguides.com/appliances/best-air-quality-monitors/>

01:53:37 GOV - Trish Johnson: Groundwork Richmond Air Monitoring:  
<http://www.groundworkrichmond.org/air-rangers.html>

01:53:39 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Wow Gene! Didn't think I would've read a Better Home website lmao

01:54:08 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Totally wrong website that I though lol. Never mindd

01:54:08 V-CSC - Matt Holmes: <https://app.ramboll-shair.com/richmond>

01:54:54 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Margo has her hand up

01:55:13 V-CSC - Noehmi Jauregui - St. George School: The behavior modification informed by data could help me determine whether I let kids out for recess. Would be helpful if it were updated more frequently rather than once an hour.

01:55:44 Hanna Stelmakhovych - ILG : @ Jonathan - yes, Erica sees her hand. Thank you Jonathan

01:55:45 CSC Alt - Paige Tengeluk: Stockton's community members need to be involved in the the process. It affects them greatly as most of us may not be based in Stockton.

01:56:17 V-CSC - Matt Holmes: That's right Noehmi

01:56:19 GOV - Robyn DeGuzman: Seeing that the Richmond plan uses WHO standards for air pollution and interested to see how different it is than what we currently use

01:58:39 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: I am okay with voting on the map so Valley Air District can get those monitors ordered and get the contracts for the locations. BUT i'd also want to include my parts included please

01:58:50 V-CSC - Matt Holmes: to clarify the Richmond Plan does not use WHO....Groundwork Richmond Does because it is a more protective scale.

01:58:59 V-CSC - Matt Holmes: I'll attach a presentation

01:59:01 V-CSC - Matt Holmes: one second

01:59:06 V-R - Gene Fuss: I agree with approving the map to get equipment install moving forward

01:59:35 V-CSC - Espe Vielma : map is good to start

01:59:44 V-CSC - Matt Holmes:  
[https://drive.google.com/file/d/1yYPCAGyzV\\_QbfSjXjByrJ4YDuRCWbC9W/view?usp=sharing](https://drive.google.com/file/d/1yYPCAGyzV_QbfSjXjByrJ4YDuRCWbC9W/view?usp=sharing)

02:00:09 V-CSC - Mariah Looney: I don't feel comfortable voting when we do not have the updated CAMP in front of us. Understandably this is a fluid process, but I do not feel prepared to vote on this because we do not have all of the information.

02:00:41 V-CSC - Noehmi Jauregui - St. George School: I still don't feel like I have enough information. I am still worried about Ned's letter and the comments/responses that were not included and shared.

02:01:53 V-R - Douglas Vigil: I agree with Gene approve the map to get equipment install moving forward

02:03:10 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: I'm going to name my dog Borris

02:03:21 Kim Danko - ILG: lol @Jonathan

02:03:25 V-R - Gloria Alonso Cruz: I also don't feel comfortable voting with CAMP not being accurately updated

02:03:29 V-R - Bianca Mendoza: Having the updated CAMP is a necessity in order to vote. And I would like to have a sufficient amount of time to review others comments and the responses provided before asked to vote.

02:03:36 Jaime Holt - AD: @ Jonathan Love It!!!

02:04:30 V-R - Douglas Vigil: are we going camping for the holiday lol

02:04:31 V-CSC - Irene Calimlim: I really appreciate your comments Matt on how to incorporate the community more in the air monitoring

02:04:38 CSC Alt - Arlene Galindo, Cafe Coop: Knowing the area, Feel comfortable enough regarding the map.

02:04:39 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Could we just vote on the Map? And get the CAMP updated and shared next meeting to then vote? I'm just worried about getting the contracts with Stockton Unified and other land owners

02:05:47 V-CSC - Matt Holmes: Good suggestion Jonathan

02:07:06 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Can we put the choices in the chat please?

02:07:16 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Just so people could have a visual

02:07:51 V-CSC - Silvia Cantu: Yes, thank you, Jonathan!

02:08:52 V-CSC - Matt Holmes: Perhaps putting a hold on the really expensive purchases would help remove some of the reticence?

02:09:17 V-R - Douglas Vigil: approve the map

02:09:45 V-CSC - Mariah Looney: I am okay with option 2.

02:09:56 V-R - Nate Knodt: I prefer to approve the map so that can move forward while refining the rest of the report.

02:10:04 CSC Alt - Arlene Galindo, Cafe Coop: 222222222222

02:13:32 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: You're right Mariah! That's why we need to capitalize on this! lol

02:13:35 V-CSC - Irene Calimlim: Lange from the school board asked me to mention that SUSD just approved the air quality work. "Jonathan provided significant feedback. It requires SUSD to develop an air quality improvement plan within the next 4 months including feasibility & price of installing air quality monitors at all schools."

02:17:17 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Thank you all for a smooth voting process!

02:17:44 CSC Alt - Arlene Galindo, Cafe Coop: Thanks so much for the clarification. I have to leave for another meeting.

02:17:46 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: We'll get this going. I promise! Transparency is a need

02:18:35 V-CSC - Noehmi Jauregui - St. George School: Catherine, can you screen share the word cloud?

02:18:58 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Can we please share the word cloud on the screen? I know we have to talk about CERPs though .\_.

02:19:12 V-CSC - Catherine Garoupa White, CVAQ: I just uploaded a screenshot, if you can access the file. Otherwise I can share it with my closing comments?

02:20:38 V-CSC - Noehmi Jauregui - St. George School: Does "end of the year" refer to December or March? If I recall, we started working on the CERP in March.

02:21:10 Skott Wall - CARB: Noehmi - it refers to December.

02:21:45 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: We'll need an extension lol

02:22:00 V-CSC - Noehmi Jauregui - St. George School: I would like to request an extension. To echo Margo's concern, I don't want to have two meetings in December.

02:22:06 V-R - Stacey Panyasee: I agree, we need an extension.

02:22:22 V-CSC - Tina Lau: Sorry, I have to leave for another meeting at 7. Thanks everyone!

02:22:32 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Thank you Tina!

02:22:57 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: That's a nice field Ryan

02:24:51 V-CSC - Matt Holmes: Ned shared with me and I am sure he shared with you in writing that Subcommittees should be used to fully delve and authorize budget categories.

02:25:01 V-CSC - Matt Holmes: Hrd to share the microphone with 60+ folks.

02:25:17 V-CSC - Matt Holmes: maybe we can organize according to talents and interests.

02:25:22 V-CSC - Irene Calimlim: When will we be able to circle back on the comments brought up about the CAMP? Will that also be December?

02:25:27 V-CSC - Espe Vielma : gracias buenas noches have a board meeting 7 pm

02:25:36 V-CSC - Jonathan Pruitt- Catholic Charities Diocese of Stockton: Bye Espe!
