01:30:31 Spanish Intepreter-Dayana-Linguística: CSC R Lynnda Martin: ¿Puedo tener también el enlace de correo electrónico, por favor? ¿Pueden añadir otros miembros de la comunidad o es sólo para miembros del CSC?

01:35:02 CSC - Byanka Santoyo: Grower that received money from the 617 to help out with the green barriers to put a barrier in there crop

01:36:00 CSC R Lynnda Martin: Agree with Michele on some of those pin drops. I don't think that the pins were updated bc there is still one way out to the East

01:36:41 Spanish Intepreter-Dayana-Linguística: CSC Byanka Santoyo: Productor que recibió dinero de la 617 para ayudar con las barreras verdes para poner una barrera en ese cultivo

01:37:58 Nzong Xiong: Here's the Vegetative Barriers Update Presentation: [https://community.valleyair.org/media/4888/3132023\\_shafter-vegetative-barrier\\_updated.pdf](https://community.valleyair.org/media/4888/3132023_shafter-vegetative-barrier_updated.pdf)

01:38:15 CSC - Byanka Santoyo: Can we have a meeting in person to find the places that are needed

01:39:10 Spanish Interpreter-Dayana-Linguística: CSC R Lyndda Martin: Estoy de acuerdo con Michele en algunas de esos pins . No creo que los pins se actualizaron porque todavía hay una salida hacia el Este

01:44:19 P - Laura Rosenberger FresnansAgainstFracking: Would not a less allergenic or edible tree be better

01:45:25 Spanish Interpreter, Tania, Linguística: P - Laura Rosenberger  
FresnansAgainstFracking  
No sería mejor un árbol menos alergénico o comestible

01:46:14 P - Laura Rosenberger FresnansAgainstFracking: There may be food shortages in the future and only enough water for Organic trees that produce food.

01:47:09 CSC - R - Michele McManus: I think we should reach out to the people that dropped the pins and make sure the pin is placed correctly and that what the benefit of placement of that pin.

01:50:10 Spanish Interpreter, Tania, Linguística: P - Laura Rosenberger  
FresnansAgainstFracking  
Puede haber escasez de alimentos en el futuro y sólo agua suficiente para los árboles orgánicos que producen alimentos.

01:50:45 Spanish Interpreter, Tania, Linguística: CSC - R - Michele McManus  
Creo que debemos llegar a las personas que dejaron caer los pines y asegurarse de que el pin se coloca correctamente y que lo que el beneficio de la colocación de ese pin.

01:55:09 P - Laura Rosenberger FresnansAgainstFracking: Rosemary bush can grow 6 feet tall

01:56:24 CSC - Byanka Santoyo: Is Felipa sparking

02:05:14 Michelle Byars - CARB: Brief updates from CARB today:

1. Draft of staff's annual AB617 update to the CARB Board is open for public comments. The draft document and link to the public comment docket can be found here:

<https://ww2.arb.ca.gov/capp/boardupdate2022>.

2. A recording and resources from the February 23rd CARB Board Meeting, covering annual AB617 community selection, can be found here: [https://cal-span.org/meeting/carb\\_20230223/](https://cal-span.org/meeting/carb_20230223/)

02:08:42 Minh Pham, DPR: Update from DPR: (1) I wanted to introduce our new Assistant Director for Environmental Justice and Equity, Celia Pazos. (2) Other than that, we are continuing our work as part of the 1,3-D regulation. My team has worked through the public comments that were provided. I will inform this group on any next steps once we get to the next step of the rulemaking process.

02:08:43 AD - Jessica Olsen: What Jaime is mentioning is NOT coming CERP funding. It's a separate pilot program :)

02:09:41 Spanish Interpreter, Tania, Linguistica: P - Laura Rosenberger
