- 01:47:27 Nate Knodt: SUSD Electric Bus Program Update. An EPA & HVIP Grant deadline was met yesterday with signed papers submitted to A to Z Bus Sales yesterday that finalizes payment for 20 full size Blue Bird Electric Buses for SUSD. These buses are now fully funded and will not cost the Stockton SJC Taxpayers a cent. Today I completed an ESSER III Grant Application (Final phase of one-time COVID Relief Funding) to SUSD that should provide \$4.2 Million dollars to purchase 20 Smaller Special Education Electric Buses for SUSD. ESSER III Grant may pay for small capacity vans that may possibly be electric.

- 01:53:01 Crystal Yunker AD: This is great news, Nate! Is this in addition to the 10 buses SUSD applied for with us?
- 01:53:31 AD Jessica Olsen: Margo and Alec also agreed
- 01:54:26 Nate Knodt: As discussed last month, I can confirm that we unlocked the final funding to receive four large Heavy Duty AC Chargers for SUSD smaller Special Ed buses. These chargers had been buried and collecting dust for the past 18 months in a warehouse due to delayed paperwork. These chargers have been delivered to SUSD and are now in Stockton and will raise our charger stations at SUSD to 24. We will still need to activate four of the chargers in our bus yard and install the four chargers just received. In all, SUSD will need to find funding for at least 10 or 15 more chargers to juice up our fleet that will become 66 new electric buses to add to our current fleet of 11 (Total Electric buses will be up to 77).
- 01:55:08 CSC-Little Manila Rising Matt Holmes: Thanks Nate
- 01:55:43 Margo Praus: Thanks, Nate, for all your hard work and energy in seeing this actually happen!
