

## **Stockton AB 617 CSC Meeting - Chat Transcript Jan. 5, 2021 5:00-7:00 p.m.**

00:24:32 Stephanie Ng: hi Douglas, I am working on it! let me follow up with Norcal

00:31:43 CSC - Mariah Looney - Restore the Delta (she/her): Hi everyone, Spencer Fern will be the new Restore the Delta representative for the CSC and I will move to the Alternate position after this meeting.

00:32:01 Dr. Amy Ramos | H+Co (she, her, ella): Welcome Mariah, thank you!

00:36:25 CSC - Mariah Looney - Restore the Delta (she/her): Restore the Delta is interested in being a community co-host again!

00:37:46 R- Margo Praus: Can Stephanie speak a bit slower? and enlarge the screen share?

00:38:22 Dr. Amy Ramos | H+Co (she, her, ella): Thank you Mariah! We will reach out.

00:42:25 CSC - Mariah Looney - Restore the Delta (she/her): Will there still be a stipend for resident CSC members?

00:43:50 R - Deby Provost, Reclamation 828: I cannot see the map!

00:44:01 R - Deby Provost, Reclamation 828: Map is too big.

00:44:17 CSC R Ned Leiba: To confirm, at our agenda setting Jan 13, 3 PM, we shall consider a presentation on health impacts and monitoring specific to our Stockton AB 617 area . Should we provide some relevant information and documents before the agenda setting meeting? If so, please offer a name and email. Thanks.

00:44:51 CSC - Mariah Looney - Restore the Delta (she/her): Thank you, Heather! I just wanted to make sure

00:46:31 R - Nate Knodt: What is our total number of vacancies at this time?

00:47:05 Sandy Paben-Housing Authority of County of San Joaquin: Yep its STEP Jonathan

00:51:45 Skott Wall-CARB: @Ned - if there is anything specific you'd like to share/discuss at it relates to the OEHHA Health Effects presentation, please feel free to forward along to me at [skott.wall@arb.ca.gov](mailto:skott.wall@arb.ca.gov) and I will make sure the information gets into the right hands.

00:52:08 CSC- Jonathan Pruitt- Catholic Charities: Please do Sandy!

00:52:10 R - Nate Knodt: I am trying for a couple new people in South Stockton. I have to review their home location.

00:52:31 CSC- Jonathan Pruitt- Catholic Charities: [jpruitt@ccstockton.org](mailto:jpruitt@ccstockton.org)

00:54:08 R - Mary Elizabeth: I tried to with an alum from UOP that lives in the area not well represented. Also, the County is actively recruiting for Boggs Tract Community Center and the Port of Stockton Commission.

00:55:16 AD - Heather Heinks: <https://sjvapcd.maps.arcgis.com/apps/webappviewer/index.html?id=0fce98b09bc04404bb0e9a48fdbf683b>

00:55:20 AD - Heather Heinks: Boundary map

01:05:12 R - Deby Provost, Reclamation 828: How much are the avg. natural gas or heat pump normally cost?

01:05:13 CSC- Jonathan Pruitt- Catholic Charities: I did notice that the AB 617 website was updated with the grants and incentives project plans <https://community.valleyair.org/selected-communities/stockton/grants-and-incentives/>

01:06:33 Gaby Magana (she/her): Please note that if you have questions during this presentation you can raise your hand or type them in the chat.

01:07:13 R - Deby Provost, Reclamation 828: I did have a question on the last slide.

01:07:44 CSC- Jonathan Pruitt- Catholic Charities: Do we have data on the specific areas in the boundary that use wood burning? Or should we expect all of them have them?

01:10:11 R - Taylor Williams: Re locomotive switchers: Do we have a sense of when those switchers would need to be retired anyway? Want to make sure we're not subsidizing BNSF/UP to buy equipment they'd be buying anyway

01:10:15 CSC- Jonathan Pruitt- Catholic Charities: That's something we need to showcase through the marketing on this incentive!

01:13:55 R - Lenard Seawood: How can I get this info to residents

01:14:21 R - Lenard Seawood: Wood burning stove devices

01:16:04 R- Margo Praus: Do we know that the switchers will mainly be local?

01:16:13 CSC Alt- Cynthia Pinto-Cabrera (she/her): Are there electric switchers available?

01:17:30 R - Deby Provost, Reclamation 828: It might be nice to send out the notices to all of the team, incl. handouts for folks.

01:17:41 AD - Heather Heinks: Yep, we can do just that Deby

01:17:46 AD - Heather Heinks: (hi!!) :)

01:18:30 CSC- Jonathan Pruitt- Catholic Charities: The public outreach subcommittee is hoping to develop a tailored outreach plan so that there's an organized way of delivering all of these incentives

01:19:24 CSC Alt- Cynthia Pinto-Cabrera (she/her): Can we get links/resources to the demonstration projects Valley Air participated in?

01:20:26 CSC- Jonathan Pruitt- Catholic Charities: Another action item! lol

01:20:31 R - Nate Knodt: CCT is the Official Railroad of the Port of Stockton and primarily switches freight within the Port, and switches (transfers) freight cars between the Transcontinental Railroads BNSF and UP, and locally with the Stockton Terminal and Eastern RR (STE) that primarily switches freight cars between Stockton food processing plants.

01:20:40 Kyle Goff - CARB - he/him/his: For what it's worth I can confirm what Todd's saying about the applicability of zero-emission switchers -- the technology is out there but not so far along as to be broadly versatile!

01:21:16 CSC Alt- Cynthia Pinto-Cabrera (she/her): Thank you! Just want to make sure we have all the options clearly laid out!

01:21:57 AD - Heather Heinks: @Jonathan looking forward to the ideas being shared

01:22:17 Jeffrey Wingfield- Gov: The port has an all electric rail car mover but it will not do the job that CCT is trying to do.

01:22:54 R - Nate Knodt: CCT also operates freights to selected shippers in Lodi on its own Right-of-Way adjacent to Waterloo and around Morada into East Lodi. CCT still has "embargoed" (not used and not taxed) track Right-of-Way via Sheldon and East Sacramento.

01:23:06 Jeffrey Wingfield- Gov: It's been very successful but for much lighter duty jobs. We are looking to get more!

01:23:55 R - Nate Knodt: STE operates only in Stockton between all carriers on Roosevelt Street near Wilson Way and also has embargoed track Right-of-Way to Linden, CA.

01:27:48 Gaby Magana (she/her): Hi Douglas I will let you ask your question shortly!

01:35:04 R- Margo Praus: Thanks so much, Todd. A great update.

01:35:48 R - Nate Knodt: Excellent update!

01:38:36 CSC-Gloria Alonso she/her: This looks nice

01:39:22 CSC- Jonathan Pruitt- Catholic Charities: I'm working to get the community centers to get on board with hosting the air monitors. Might have to go through Board of Supervisors for approval

01:40:36 R - Mary Elizabeth: good work:)

01:41:08 R- Margo Praus: Does it measure PM10 as well?

01:41:49 R- Margo Praus: Or also fugitive dust?

01:44:22 R - Deby Provost, Reclamation 828: Who puts out PM2?

01:44:43 R - Deby Provost, Reclamation 828: What kind of businesses put that out?

01:46:33 Karina Aguilera - CARB: I will mention that the CARB Stockton-University Park site does collect and report hourly PM10 data

01:51:31 CSCR-Regina Griffin: Thanks to the Haggin !

01:52:28 CSC- Jonathan Pruitt- Catholic Charities: Exciting to hear!

01:53:23 CSC- Jonathan Pruitt- Catholic Charities: Couldn't C be at City Hall?

01:55:22 CSCR-Regina Griffin: I agree with you Ned

01:55:49 CSC- Jonathan Pruitt- Catholic Charities: There are indoor air monitors in George Washington Elementary but it's through a different project with IQ Air

01:57:11 CSC-Ed Ward: Ned, Have you seen SJVAir website? it includes Purple air monitors which can easily be compared to AD monitors

02:00:36 CSC- Jonathan Pruitt- Catholic Charities: I would like to see something with the Fairgrounds if it can happen

02:01:05 R - Deby Provost, Reclamation 828: Agree with Jonathan, like to see the fairgrounds.

02:01:42 R- Margo Praus: I agree

02:05:28 Karina Aguilera - CARB: To add to Skott's mention, here is a link to CARB PM10 data being reported from the University Park site:  
[https://www.arb.ca.gov/aqmis2/display.php?param=PM10\\_LHR&units=001&year=2021&report=SIT E1YR&statistic=DAVG&site=3862&ptype=aqd&monitor=b&std15=](https://www.arb.ca.gov/aqmis2/display.php?param=PM10_LHR&units=001&year=2021&report=SIT E1YR&statistic=DAVG&site=3862&ptype=aqd&monitor=b&std15=)

02:06:21 R - Deby Provost, Reclamation 828: Thank you, Karina and Skott!

02:07:08 CSC-Gloria Alonso she/her: This extremely crucial!!

02:07:52 CSC- Jonathan Pruitt- Catholic Charities: This is a huge step to future studies in Stockton!

02:08:34 CSC-Gloria Alonso she/her: ^^

02:09:11 R - Mary Elizabeth: Thank you OEHHA!

02:10:24 R- Margo Praus: Kudos to all who made this study happen! No small task!

02:10:44 CSC Alt - Elaine Barut Labson - She/Hers - LMR: Noehmi is awesome!

02:10:46 CSC- Jonathan Pruitt- Catholic Charities: Love Noehmi

02:10:49 Mariah Looney (she/her): Noehmi is the best!

02:11:22 CSC R Ned Leiba: Excellent. Do you have links to relevant docs on methods, etc. What about actual health outcomes e.g., incident , asthma attacks. Need longer study period. . Very good! Thank you.

02:13:22 CSC-Gloria Alonso she/her: ^Agree. Having an example of a longer study period would serve as guidance to track the health of the individuals being tested

02:13:44 Susan Hurley - OEHHA: Links to info about SAPEP:  
<https://www.biomonitoring.ca.gov/projects/stockton-air-pollution-exposure-project-sapep>

02:13:57 Susan Hurley - OEHHA:  
<https://biomonitoring.ca.gov/sites/default/files/downloads/SAPEPFlyer.pdf>

02:14:19 Susan Hurley - OEHHA: My email (I'm happy to answer any questions):  
<https://biomonitoring.ca.gov/sites/default/files/downloads/SAPEPFlyer.pdf>

02:20:26 Susan Hurley - OEHHA: Sorry, here is my email address:  
[Susan.hurley@oehha.ca.gov](mailto:Susan.hurley@oehha.ca.gov)

02:22:52 R - Deby Provost, Reclamation 828: What happened to the list of people that were interested in each of the different CSC committees that we ended with last month?

02:25:03 AD - Stephanie Ng: <https://community.valleyair.org/media/3282/stockton-subcommittee-kickoff-summary.pdf>

02:25:51 AD - Heather Heinks: Thank you Stephanie!

02:26:20 CSC-Ed Ward: Debbie I would like to be included in Regulatory and EWN enforcement

02:26:43 R - Deby Provost, Reclamation 828: Perfect Ed!!

02:28:22 AD - Stephanie Ng: Also, just a reminder that we've sent out recurring calendar appointments for CSC Meetings, Agenda-Settings and the Trees Subcommittee. We also sent a calendar appointment for the Indoor Air and Weatherization Subcommittee for the January meeting. If you didn't get any of these or they got lost in your inbox, please reach out!

02:30:07 CSC- Jonathan Pruitt- Catholic Charities: Making strides forward for sure. We have a great team here! Appreciate everyone for their hard work~

02:30:18 AD - Heather Heinks: No comments from YouTube Live
