- 17:34:59 From CSC - R - Minerva contreras : Disculpen se escucha mucho la voz en inglés y español junto
- 17:37:06 From Maricela Velasquez - AD : Minerva, puede silenciar el audio original?
- 17:37:39 From CSC - R - Minerva contreras : Si esta
- 17:40:18 From CSC - R - Minerva contreras : Se escucha muy cortada la traducción tal vez es mi internet
- 17:41:15 From CSC - R - Jesus Alonso-CWA : would we be able to send a monitor or mobile monitor out to the Hilltop community as they are across the street from the refinery?
- 17:41:51 From Jessica Olsen - Valley Air District : Yes! I think a mobile monitoring (with the van) study makes sense there, Jesus.

17:42:13 From Jessica Olsen - Valley Air District : We are open to mobbing the van in community-identified locations as requested

17:42:18 From Jessica Olsen - Valley Air District : moving*

17:43:43 From Michelle Byars - CARB : English was fading for me too until I turned off the original audio.

17:45:20 From Reyna Rodriguez : Hola, presenter audio fades at time

17:45:39 From Spanish Interpreter / Deborah Dominguez : If it has been in and out the whole time, it might be connection because we switched.

17:50:23 From CSC - R - Jesus Alonso-CWA : I second Mario's concern. Many of our Highschool bus routes run in front of

17:50:39 From CSC - R - Jesus Alonso-CWA : Grimway it would be good to know what they are driving through

17:55:23 From Dra Gema Cardona, Ph.D. [Harder & Co Research] : Jessica or Brad - thank you for clarifying that. I believe what I heard Mario ask was permanent/in-place monitoring versus moving vans. You mentioned that the van don't just drive by but stay in a particular location. Can you please elaborate on how long - on average- a van stays in a particular location?

17:55:38 From Gustavo Aguirre Jr : Q: emissions from Dairy's: one of the concern is ammonia, do air dist monitors capture those?

17:56:46 From Jessica Olsen - Valley Air District : @Gus yes! we will capture ammonia in our VOC speciation

17:57:13 From Gustavo Aguirre Jr : Thank you Jess. looking forward to the deployment.

18:02:09 From CSC-R-Jesus G. Pérez : Welcome Dr. Jasmeet Bains to AB617 Lamont / Arvin!

18:05:37 From Jessica Olsen - Valley Air District : Welcome Dr. Bains!

18:06:17 From CSC-R-Yovani Jimenez : Welcome Dr. Jasmeet Bains!

18:08:06 From Madelyn Lara CRPE : Just to clarify, is there only one van currently?

18:08:22 From Madelyn Lara CRPE : Thank you!

18:12:11 From CSC - Kent Stenderup : re: remote equipment security. Let's not kid ourselves. Though the intent is more than worthy, crime does not care. Theft and vandalism is at an all time high. Any installations, perm or temp, must be aware.

18:14:20 From Jessica Olsen - Valley Air District : Thanks Kent! we agree that we need to have secure locations

18:17:08 From Christine Viterelli-City of Arvin Grants Manager : Yes, we have offered a reliable, safe location at the City to deploy the air monitors. We will assist however we can.

18:54:57 From Gustavo Aguirre Jr : Got it! thx

18:55:10 From Michelle Byars - CARB : Scoping Plan listening sessions, starting July 28:
<https://content.govdelivery.com/accounts/CARB/bulletins/31f7e1a>

18:56:37 From christine viterelli : How long after CARB approves the CERP can we begin implementing projects?

18:57:24 From Jessica Olsen - Valley Air District : depending on the project, ASAP! several projects need extra CARB approval. we will review what those are at our next meeting.

18:58:46 From Michelle Byars - CARB : I think by continuing these meetings and discussions, in a way you have already begun implementation! The incentives measures as Jess describes will come online soon after.

19:01:16 From Elizabeth Havey - CivicSpark Fellow, City of Arvin : civicsparker@arvin.org

19:01:49 From CSC - R - Wendy Lozano-Cerecer : gracias por la información
