Hi Lorelei, would you have any insight on this question?

Arvin is an incorporated city so the county has no jurisdiction. It is the City Council.

Thank you for clarifying Lorelei!

18:24:15 From CSC - Emma De La Rosa to Everyone:

City of Arvin?

18:25:43 From CSC - Gov - Lorelei Oviatt, Kern County Planning to Everyone:

Schools are not under the jurisdiction of either the City or County. That is determined by the State Superintendent of Education with the local school board. So the location of the school may have gone next to the field.

18:28:08 From Support Interpreter, Emilia, Linguistica to Everyone:

De Lorelei Oviatt: Las escuelas no están bajo la jurisdicción de la Ciudad o el Condado. Eso es determinado por el Superintendente Estatal de Educación con la junta escolar local. Así que la ubicación de la escuela puede haber ido al lado del campo.

18:29:02 From CSC - Gov - Lorelei Oviatt, Kern County Planning to Everyone:

A lot of emissions come from unpaved shoulder areas and unpaved roads - doesn't the Air District have programs and funding opportunities for that?

18:31:35 From Support Interpreter, Emilia, Linguistica to Everyone:

de Lorelei Oviatt: Muchas de las emisiones provienen de áreas de arcenes sin pavimentar y carreteras sin pavimentar, ¿no tiene el Distrito programas y oportunidades de financiamiento para eso?

18:33:06 From CSC - Emma De La Rosa to Everyone:

<https://webmaps.arb.ca.gov/edvs/>

19:01:17 From Spanish Interpreter Tania, Linguistica to Everyone:

Lorelei Oviatt: Siento no saberlo, pero ¿a qué escuela concreta se refiere en la zona de Arvin Lamont?

19:03:00 From CSC-GOV - Christine Viterelli- City of Arvin to Everyone:

When it comes to Arvin, I think we need EPA's assistance on the pesticide issue. I've driven through Arvin in the spring months and it literally has gagged me in my car with the windows closed. The issue for the City is that we do not have the financial capacity nor the specialized equipment to monitor the pesticides. The entire City is run on less that \$6 million for everything, including the fire department, the police dept., and City Staff. Most of us are wearing multiple hats and there is only 1 person in each department. For enforcement we would need support.

19:03:02 From SP - R - Maria Teresa Luque to Everyone:

me puedo retirar?...la reunion lleva 2 horas...disculpe...

19:03:14 From Dr. Amy Ramos (she, her, ella)- H+Co to Everyone:

si maria! gracias

19:03:26 From SP - R - Maria Teresa Luque to Everyone:

gracias

19:04:01 From Spanish Interpreter Tania, Linguistica to Everyone:

Christine Viterelli: Cuando se trata de Arvin, creo que necesitamos la ayuda de la EPA en el tema de los pesticidas. He conducido a través de Arvin en los meses de primavera y literalmente me ha amordazado en mi coche con las ventanas cerradas. El problema para la ciudad es que no tenemos la capacidad financiera ni el equipo especializado para controlar los pesticidas. Toda la ciudad funciona con menos de 6 millones de dólares para todo, incluyendo el departamento de bomberos, el departamento de policía y el personal de la ciudad. La mayoría de nosotros llevamos varios sombreros y sólo hay una persona en cada departamento. Para hacer cumplir la ley necesitaríamos apoyo.

19:04:26 From Spanish Interpreter Tania, Linguistica to Everyone:

Maria Teresa: may I leave?...the meeting takes 2 hours...excuse me...

19:04:55 From Spanish Interpreter Tania, Linguistica to Everyone:
