

Stockton CSC Requested Action Items

CSC Meeting #26 November 3, 2021 5:00-7:00

- At every CSC meeting, there will be an agenda item to review progress towards action items. Action items will also be reviewed during agenda setting meetings.
- Individuals/organizations responsible for completing action items are welcome to send updates via email to the air district or to announce updates at meetings.
- The subcommittees will be facilitated by CSC members for now. If in the future, air district or CARB staff are needed to help facilitate subcommittee meetings, then they can join at the request of CSC members.
- At any time, CSC members can join different subcommittee meetings.
- Subcommittee meetings need to be organized in an inclusive approach that allows for all individuals, regardless of ability, to actively participate.
