

Presentation to AB617 Working Group

Jeffrey D. Wingfield
Director of Environmental & Public Affairs

Background

The Port's Function & Focus

- A public agency, an ideal position for domestic and international distribution
- Created by the State to create jobs and economic activity
- Situated in the hub of four major freeways, two transcontinental railroads, an international waterway and a regional airport
- We are not POLA, POLB, or POAK

POS and AB617 Working Group

Environmental Justice Initiatives at POS

- Sharing CARB's concern about neighboring communities
- POS striving to go beyond regulatory requirements
 - Identifying and reduce environmental impacts from Port operations
 - Assessing and disclosing environmental impacts through the CEQA process
 - Completing health risk assessments (HRAs) as part of CEQA processes
 - Promoting community engagement and education
 - Providing economic opportunities
 - Additional actions in progress
- Working with San Joaquin Valley Air Pollution Control District (SJVAPCD), U.S. Environmental Protection Agency, City of Stockton, and the community

Ideas In Action at POS

Past, Current, & Planned Projects

- **Air Quality Monitoring and Emissions Reductions**
 - Developing plans and strategies to reduce development emissions
 - Conducting a Port-wide criteria pollutant and greenhouse gas emission inventory (Starcrest Consulting, LLC and Technical Working Group)
 - Ensuring new tenant development projects comply with environmental sustainability goals

Ideas In Action at POS

Past, Current, & Planned Projects

- **Air Quality Monitoring and Emissions Reductions (cont.)**
 - Retrofitting existing cargo handling equipment with lower emissions engines for improved air quality. Projects with direct emissions reductions:
 - Replacing gasoline powered trucks with zero-emission electric vehicles; adding 30+ EV charging stations
 - Acquiring zero-emission, multi-use DANNAR mobile power sources
 - Awarded grant funding to receive 34 forklifts from XL Lifts (zero- and near-zero-emissions forklifts)
 - Making annual improvements across applicable resource categories through the Green Marine Environmental Program

Ideas In Action at POS (cont.)

Past, Current, & Planned Projects

- **Community Outreach Initiatives**
 - Two key community engagement groups
 - **Group 1:** Formed to improve communication, identify information gaps, facilitate opportunities for collaboration and problem solving, and define key strategies to reduce emissions and improve air quality
 - **Group 2:** Formed to amplify local voices, create a communication channel between concerned citizens, community groups, environmental justice organizations
 - Rebuilding website and outward-facing communications
 - Incorporated submission forms for comments, questions, and complaints

Ideas In Action at POS (cont.)

Past, Current, & Planned Projects

- **Green Marine Program and Environmental Programs**

Green Marine Program

- **Annual incremental improvements & achievements in 7 categories:**

Aquatic Invasive Species, Greenhouse Gases and Air Pollutants, Spill Prevention, Dry Bulk Handling, Community Impacts, Environmental Leadership, and Waste Management

Incorporation of Environmental Programs

- **TEAM (tenant group), EJ working group,**

Delta Tours, Shoreline Cleanups, Boggs Tract Community Farm

What's Next?

Upcoming Initiatives

- Open lines of communication
- Sustainability Report or Enviro Annual Report
- Tree initiatives
- Quarterly newsletters and updates

THANK YOU!
