

What is a Reclamation  
District?

# Duties of A Reclamation District

Repair levee as necessary, placing riprap (big rocks, usually granite) on empty spaces, damaged areas, or around pump stations that were repaired.

Ensure bushes under 4' are removed and the levee is clear of debris. Remove fallen trees from water routes.

Ensure Residents follow rules and policies of the levees. Report any laws being broken to the appropriate agency.

Respond to flood Events as necessary.

What I do as a citizen who happens to be  
President of Reclamation District 828?
