- Community Air Grants
- Discussion

AB 617 Funding Categories Work Together

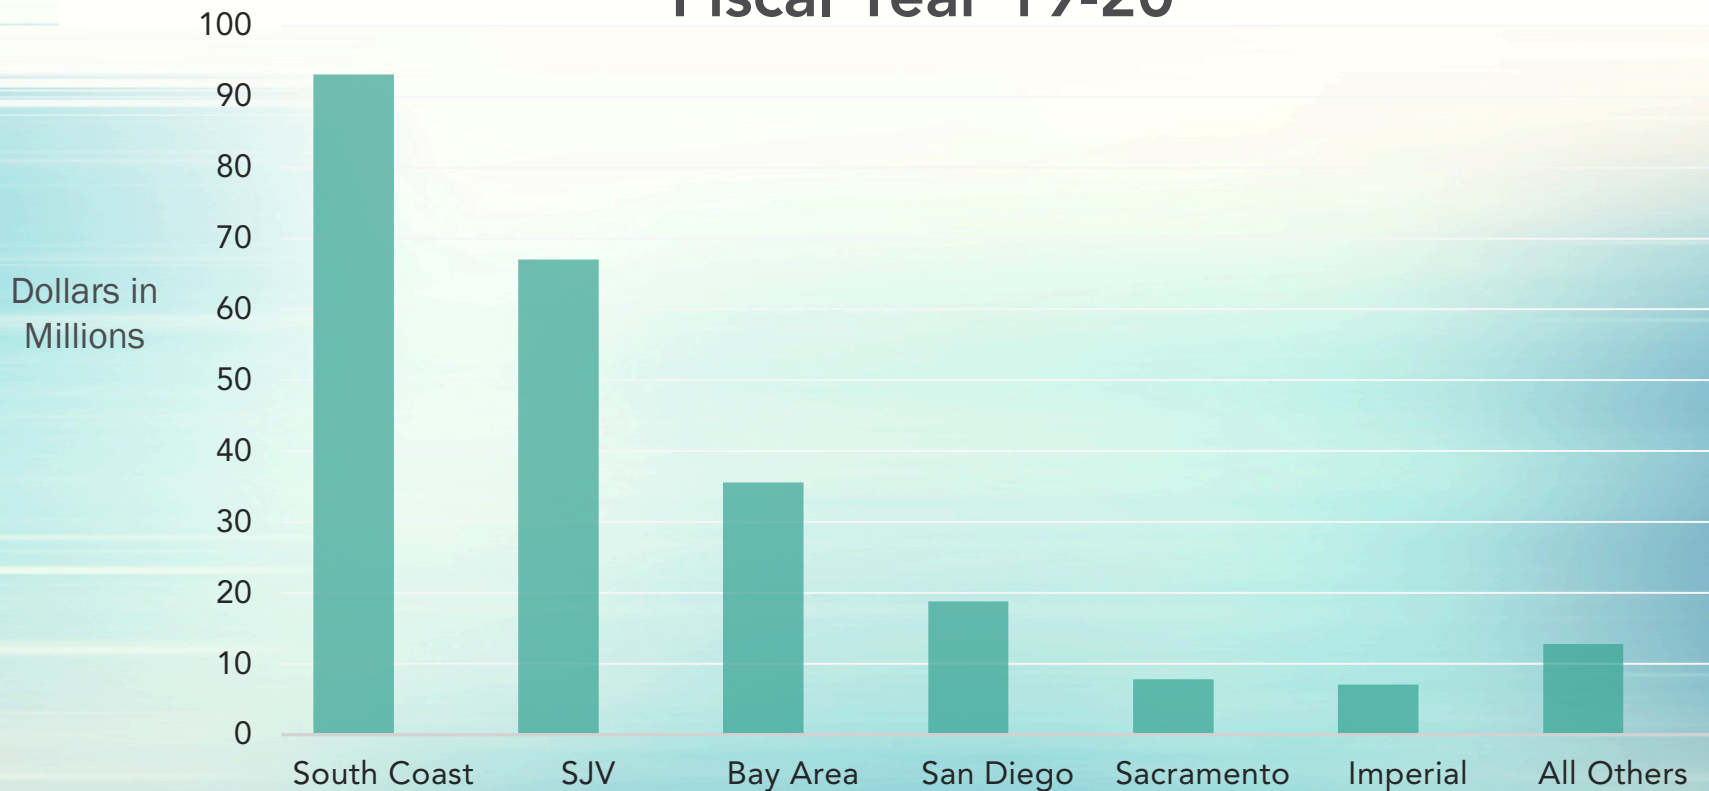

Flow of *Incentive* Funds

CAP Incentive Funds by Air District

Fiscal Year 19-20

Incentive Allocation Principles

- Legislative precedent from first year of funding.
- AB 617 communities selected by CARB Board .
- Other communities that could be selected in future years.
- Opportunity for smaller Air Districts to implement projects in their disadvantaged communities and low-income areas.
- Per CARB Board, at least seventy percent of the incentive funds must be spent in disadvantaged communities and at least eighty percent spent in a combination of disadvantaged or low-income communities.
- **As a result, the primary consideration for the allocation of funds is the population of disadvantaged communities in each Air District.**

Community Air Protection Incentives allocation principles. (Chapter 3, Section B.1, Page 3-1)

Flow of *Implementation* Funds

Legislature appropriates funds for Program

CARB works with Air Districts and CAPCOA on allocations

Air Districts use funds to administer program (staffing, equipment, facilitation, stipends, etc).

Air Districts submit annual reports to CARB summarizing how funds were spent.

Implementation Funds by Air District
