

Overview of AB 617 Funding

Arvin/Lamont AB 617 Community Steering Committee Meeting
February 16, 2022

What is the Program Support & Implementation Budget?

- CARB provides Air Districts with a set funding amount for implementing the overall AB 617 Program for *all communities*
- Implementation funding is for supporting all aspects of AB 617 *except* for funding incentives measures
 - Incentives for the Community Emissions Reduction Program (CERP) are a *different budget*, to be discussed at next meeting
- One large piece of the support & implementation of AB 617 is the community air monitoring network, but there is much more that goes into supporting AB 617

Program Support & Implementation

Staffing Support Resources

- Develop, draft, translate, and implement CERP
- Enforcement of CERP measure commitments, including increased stationary source inspections
- Develop *new* grant programs
- Coordinate air monitoring siting logistics, data analysis
- Plan and coordinate logistics for CSC meetings, subcommittees
- Ongoing analysis to review District rules, above and beyond regular District review
- Collect and validate pollutant reporting information for all stationary sources

Program Services and Supplies

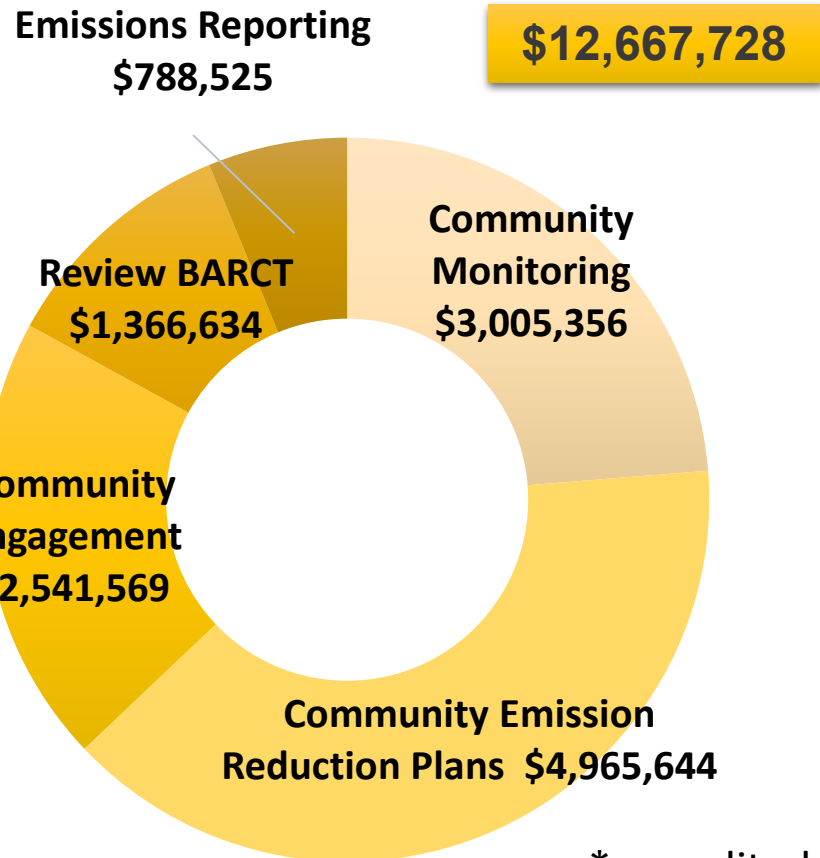

- Gas, electricity, and other utilities to run air monitoring sites
- Facilitation, interpretation, & translation services
- Resident stipends
- Postage for mailing materials to residents
- Air monitoring toxics analysis

Fixed Assets

- Real-time air monitors
- Community air monitoring van
- Portable air monitoring shelters

Program Support & Implementation Budget

**Total Implementation Budget
for All Communities
Fiscal Year 2021/22***

PROGRAM SUPPORT & IMPLEMENTATION

- CERP Development
- Community Air Monitoring
- Community Engagement
