

Stockton CERP Implementation Updates

Stockton CSC Meeting
September 6, 2023

Today's Agenda

Stockton Outreach Updates

Heavy-Duty Truck Measure Discussion

Passenger Vehicle Repair & Replace Discussion

Outreach Events in Stockton AB 617 Boundary

- **August 16th:** Sierra Vista Resident Fair
- **August 19th:** Annual Summer Picnic
- **September 5th:** Stockton Mobility Collective event @ Yosemite Village

Outreach Events in Stockton AB 617 Boundary

Heavy-Duty Truck Measure Discussion

Heavy-Duty Truck Replacement Measure

Replace heavy-duty trucks with zero emission trucks at businesses located within AB 617
Stockton boundary

Funding in CERP
\$10 Million

Status
0 trucks replaced

Discussion in Heavy-Duty Trucks Subcommittee & CSC:

- Challenges for local businesses/single owner-operators to take advantage of program, outreach opportunities to local businesses to participate in program
- **May 2023** subcommittee: discussed San Diego APCD Zero-Emission Truck Pilot Program → next steps: bring draft outline of potential project plan changes for CSC consideration
- **August CSC meeting:** discussed proposed project plan with new pathway
- **Today:** seek CSC support to submit project plan to CARB

Proposed Aspects of Project Plan for Submittal

Allow fleet owners within the Valley's Stockton AB 617 boundary to **expand their fleets** by purchasing new zero-emission trucks without the need to scrap existing, compliant vehicles

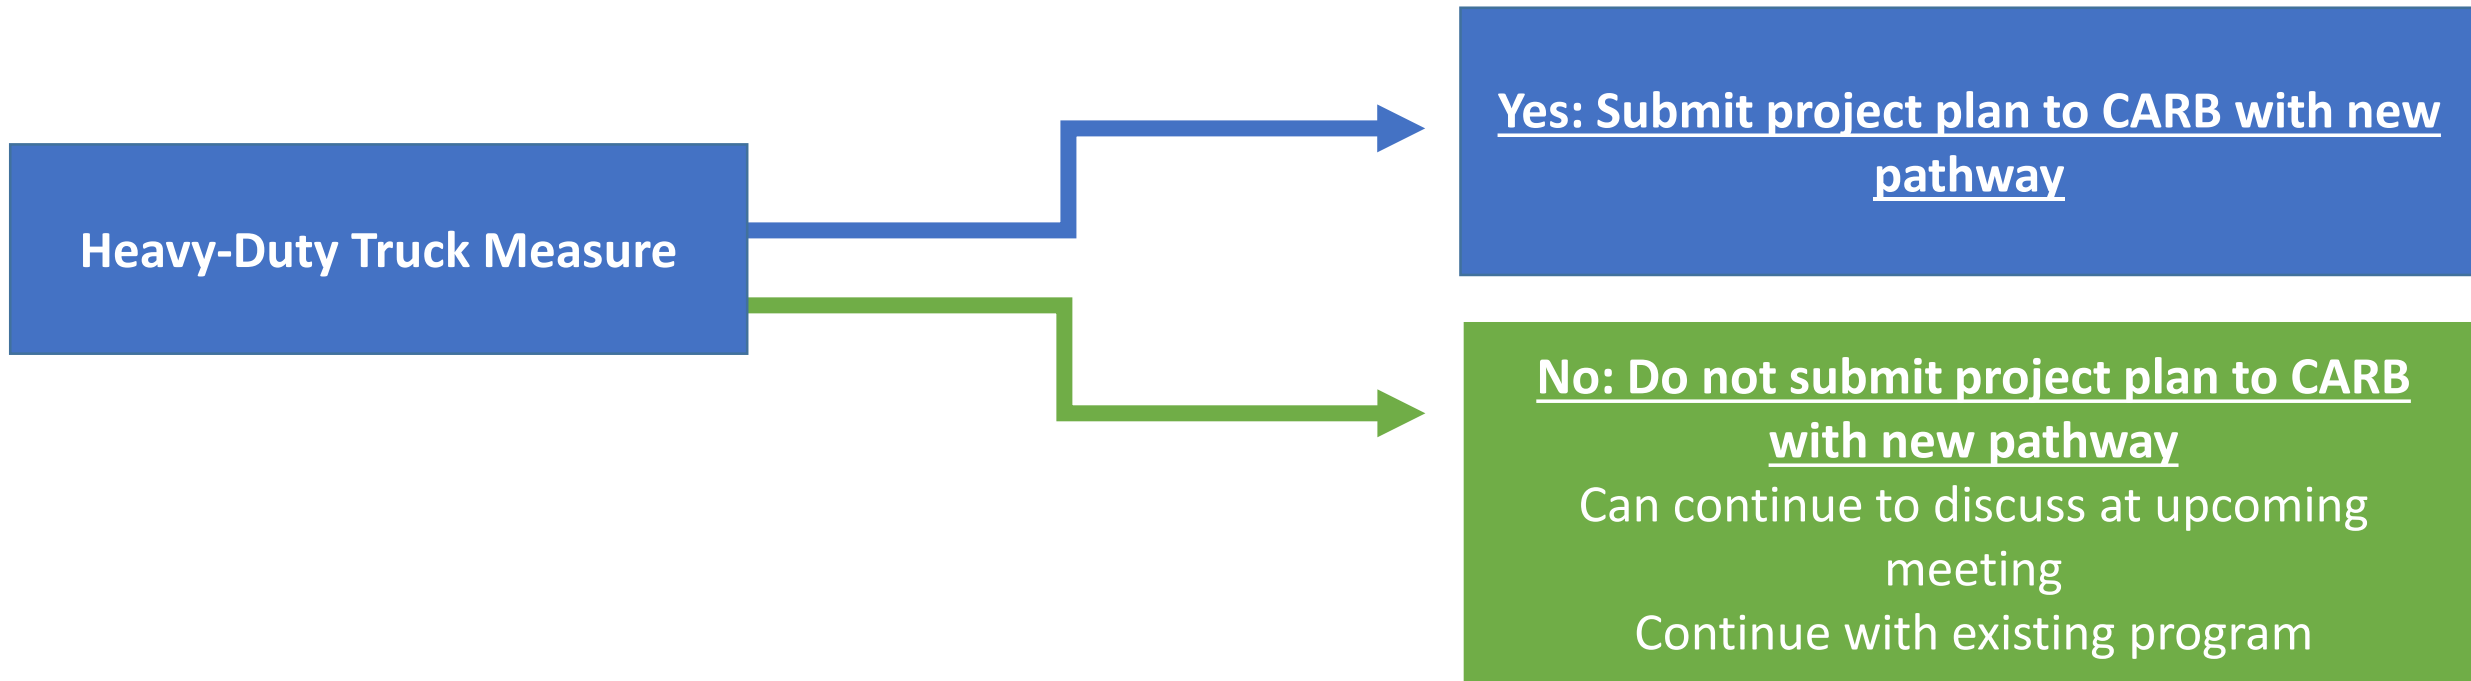

Increased funding amount allowed per vehicle replacement

Requirements for trips made in Stockton AB 617 boundary

Updates based on CSC feedback: Reporting requirements for miles driven by displaced diesel trucks

Opportunity for New Pathway for HD Truck Measure

In addition to existing/traditional heavy-duty truck measure, we are proposing to submit a **project plan** to CARB to add a **new pathway** to allow for local businesses/single-owner operators to expand their fleet with zero emission trucks (no funding reallocation)

Passenger Vehicle Repair & Replace Discussion

Passenger Vehicle Repair & Replace Measures Updates

- Project Plans for Passenger Vehicle Repair and Replace programs *approved* by CARB
 - **Passenger Vehicle Repair Measure:** Funding for vehicle emissions related repairs for high polluting vehicles operating in the Stockton AB 617 community
Funding allocation: \$300,000
 - **Passenger Vehicle Replace Measure:** Funding for replacement of passenger vehicles with battery electric or plug-in hybrid vehicles
 - **Funding allocation:** \$800,000, up to 100 vehicles
- **Next steps:**
 - **September:** District Governing Board approval
 - **October:** Work with CSC on program outreach and implementation
 - **Today:** Discuss opportunity to increase funding amount for **Vehicle Replacement Measure**

Passenger Vehicle Replacement Measure: Opportunity to Increase Funding Amount

Current Program

Vehicle Type		Plug-in Hybrid	Electric
300% Federal Poverty Level and below	NEW/USED: Plug-in hybrid electric of zero-emission vehicle purchase	\$11,500	\$12,000

Proposed Program

Vehicle Type		Plug-in Hybrid	Electric
300% Federal Poverty Level and below	NEW: Plug-in hybrid electric of zero-emission vehicle purchase	\$18,000	\$20,000
	USED: Plug-in hybrid electric of zero-emission vehicle purchase	\$11,500	\$12,000

**Currently, no change to funding allocated in CERP, can be opportunities for reallocation if needed*

Passenger Vehicle Replacement Measure: Opportunity to Increase Funding Amount
