They are seriously as good as the truck on March Lane at I5.

02:22:50 Jessica Olsen - AD: <https://freeonlinesurveys.com/s/m6j4d4Dd#/0>

02:26:34 CSC - Irene Calimlim: When will it be updated with the name so that we can submit?

02:29:40 R - Ned Leiba: We are somewhat blind without updated and complete information on expected emission per year, PM2.5 NO2 NOx VOC, and of course cost, by the various measures. We need this information to rationally rank any of this.

02:32:32 R - Ned Leiba: Please check to make sure those tables are complete. There were not last I checked, some items did not foot, and cost was not there.

02:33:11 CSC - Jeffrey Wingfield - GOV: Matt, speaking of trees we have launched tree plotter on our website and it's going to be a great tool for planning additional plantings at the Port in key locations. If you haven't checked not out please do so on our website and let me know what you think!

02:33:50 CSC - Matt Holmes (he/him/his):I know tree plotter well. Those are tricky inventories for sure.

02:34:14 CSC - Jonathan Pruitt - Catholic Charities: I think we can definitely say that the projects that involve county and city will take time. That's why I wanted them to be aware of them last year

02:34:31 CSC - Matt Holmes (he/him/his):It can be useful especially to respond to the monitoring data we'll be seeing over the coming years.

02:36:31 CSC - Jonathan Pruitt - Catholic Charities: If there are projects that involve city or county, does it have to go through City Council/BOS?

02:36:35 Jessica Olsen - AD: Great point, Matt. in the survey, those that require working extensively with others are labeled "PARTNERSHIP"

02:37:10 CSC - Jonathan Pruitt - Catholic Charities: Go Skott!

02:38:26 Kyle Goff - CARB: Can confirm with Deldi from the incentive side of things at CARB -- I'm here for the long haul. I feel like as ya'll get farther into the weeds and details on projects, my role will get a bit bigger.

02:39:55 Deldi Reyes - CARB: Thanks Kyle! It takes a village

02:39:56 R - Gene Fuss: I second Ned's requesting updated, complete, information of emissions/yr and cost. That is key to me also making rational decisions.

02:40:51 CSC - Matt Holmes (he/him/his):Thanks Jessica, I understood that, just to clarify was that there's prioritization WITHIN category and then prioritization OF categories.

02:40:55 CSC - Jonathan Pruitt - Catholic Charities: So is it ready for us to fill out right now? Or do we wait? How do you know who picked what? Or is it anonymous ?

02:41:15 CSC - Jonathan Pruitt - Catholic Charities: ^That's for the survey

02:42:47 CSC - Matt Holmes (he/him/his): Can "Heavy Duty" category include "School Busses?" in Cat 1*

02:45:30 CSC - Jonathan Pruitt - Catholic Charities: @Grant If there are projects that involve city or county, does it have to go through City Council/BOS?

02:46:07 CSC - Matt Holmes (he/him/his): it's cool Jess answered the first Q'

02:52:05 R - Gloria Alonso: Yes for screen sharing

02:52:24 R - Gloria Alonso: yes

02:56:01 Hanna Stelmakhovich - ILG: Link to the charter:
http://community.valleyair.org/media/1631/03102020_stockton-charter_final_en.pdf

02:56:16 R - Gloria Alonso: For me, the charter doesn't reflect the importance of youth involvement

02:58:37 R - Regina Reynolds: good point

03:03:59 CSC - Jonathan Pruitt - Catholic Charities: Id like to explore Gloria's idea on including the importance of Youth involvement

03:04:19 R - Regina Reynolds: ++

03:04:19 CSC - Catherine Garoupa White: +++ more attention to enforcement

03:05:45 CSC - Jonathan Pruitt - Catholic Charities: For virtual, does the charter talk about meetings through Zoom?

03:06:23 CSC - Jonathan Pruitt - Catholic Charities: I think it would be helpful to provide context on how we are livestreaming the meetings. Maybe we can look to software doing both Facebook and YouTube

03:06:32 Kim Danko - ILG: @Jonathan, it does not and we want to be able to add that lens to it

03:06:43 CSC - Jonathan Pruitt - Catholic Charities: Cross sharing through different mediums

03:07:10 Heather Heinks - AD: Yes, we do that now - the meeting is available tonight through Facebook or on YouTube Live

03:07:23 CSC - Catherine Garoupa White: Re: the virtual space, it would be helpful for the charter to clarify public participation. Can they join via Zoom, or are they supposed to only be on YouTube/Facebook? And how are alternates treated?

03:09:27 CSC - Matt Holmes (he/him/his): We could host a Youth Summit

03:09:28 CSC - Jonathan Pruitt - Catholic Charities: @ Heather, is it both FB and YT at the same time or just a YT link through FB? Unfortunately, through computer, I can't open up the YT link directly on FB without it going to another YT tab.

03:09:42 CSC - Matt Holmes (he/him/his): it could inform the priorities we choose

03:10:10 CSC - Noehmi Jauregui - St. George School: I love the idea of a youth summit

03:10:33 Heather Heinks - AD: @Jonathan - yes, currently live YouTube and cross share through FB - so would pull you over to YouTube. Zoom limits you to throw to one or the other but we can explore the software that might allow throwing to more than one simultaneously

03:10:54 CSC - Matt Holmes (he/him/his): We can add Youth Summit as an agenda item in the next planning session.

03:11:40 CSC - Noehmi Jauregui - St. George School: Youth Summit - Could we please include programming for middle school youth as well as high school and young adult?

03:11:50 CSC - Jonathan Pruitt - Catholic Charities: Are we also going to open up applications for another round of residents to join the CSC?

03:13:03 R - Regina Reynolds: I want to agree that it is important to know organizations that have an interest and recusing during voting.

03:13:43 CSC - Noehmi Jauregui - St. George School: Yes, Catherine and Regina. Recusal in good faith is a great idea.

03:18:54 CSC - Matt Holmes (he/him/his):We heard about the Can at Wash. Glad to hear it's getting out there.

03:19:01 CSC - Matt Holmes (he/him/his):the Van*

03:20:22 CSC - Jonathan Pruitt - Catholic Charities: Gil is killing it

03:21:11 CSC - Jonathan Pruitt - Catholic Charities: Share us those pics !!

03:21:18 CSC - Jonathan Pruitt - Catholic Charities: Oh lawd

03:21:30 Kyle Goff - CARB: That's awesome Gil -- giving Twin Rivers USD a run for their money in publicity, hah!

03:21:33 CSC - Matt Holmes (he/him/his):That's a beautiful bus yard

03:21:46 Heather Heinks - AD: Thank YOU Gil!

03:21:48 CSC - Matt Holmes (he/him/his):Kyle with the context for the Win!!!!

03:21:49 CSC - Jeffrey Wingfield - GOV: Very cool!

03:24:08 CSC - Matt Holmes (he/him/his):Gil's got 96 busses. Let's swap them out.

03:25:50 CSC - Jonathan Pruitt - Catholic Charities: Is there a way to do it indirectly?

03:25:56 R - Nate Knodt: Better, cheaper, and more efficient for Private and

03:26:06 CSC - Matt Holmes (he/him/his):We need to work together to help the private schools that are in need through private funding. But California won't help.

03:27:37 R - Nate Knodt: Charter schools to be subsidized for trips via San Joaquin RTD and its Electric and Hybrid-Electric buses. Private and Charter schools do not generally provide any scheduled school bus services (there is no state law requiring school bus service).

03:27:42 CSC - Matt Holmes (he/him/his):Those buses weren't funded through 617

03:27:52 R - Ned Leiba: Electric School Bus 4 million to offset 22 tons = 182,000 cost per ton reduction. Does not seem very efficient, does it?

03:28:11 Ryan Hayashi - AD: 30 Stockton Unified School Districts in the Stockton AB 617 community

03:28:49 Heather Heinks - AD: There are about 30 schools in the AB 617 footprint for Stockton Unified

03:29:01 Heather Heinks - AD: Ha! What Ryan said :)

03:29:50 CSC - Jonathan Pruitt - Catholic Charities: And St. George's is about to expand too through the Stockton Diocese

03:30:03 R - Nate Knodt: RTD is currently the primary provider of scheduled trips for students to attend schools and events. It is possible to negotiate bulk students fares purchased in advance that can allow for student transportation and field trips.

03:30:21 CSC - Noehmi Jauregui - St. George School: Yes, thanks Jonathan! We will be All Saints Academy but still on the St. George Campus.

03:30:52 CSC - Jeffrey Wingfield - GOV: Plug for Port Outreach Committee next Wed at 3:30!

03:31:15 CSC - Jonathan Pruitt - Catholic Charities: Since there were some Catholic schools that closed down last year, those students are being directed to attend All Saints Academy over at St. George Campus

03:31:17 CSC - Noehmi Jauregui - St. George School: Yes, Nate. We have used those resources but that means my students share an existing bus on an existing route with other city wide passengers. Too crowded and felt unsafe to have 5-year olds standing on a moving bus. It was really hard.

03:31:39 CSC - Jonathan Pruitt - Catholic Charities: Next on the agenda is definitely the Technical Advisory lol

03:32:04 CSC - Catherine Garoupa White: Please clarify whether the Air District is moving forward with spending the \$4 million on electric school buses? I'm not clear what decision was reached.

03:32:44 R - Nate Knodt: That is good for students! RTD and SUSD have not had a single major public incident involving public and and students sharing a bus since service begin in 2007 after millions of tirsps!!

03:33:12 CSC - Matt Holmes (he/him/his):Thanks Jeff Looking forward to it

03:33:16 R - Regina Reynolds: No for me

03:33:25 CSC - Matt Holmes (he/him/his):You can proceed before the CARB approval?

03:33:53 R - Ned Leiba: Why give this such a high priority given the extremely high cost?

03:33:53 CSC - Matt Holmes (he/him/his):Schweet.

03:34:09 Kyle Goff - CARB: For school bus projects that follow the stuff we already have in our Guidelines -- aaah yes Ryan's got it exactly correct, beating me to the punch.

03:34:26 CSC - Catherine Garoupa White: Thank you for clarifying.

03:34:52 CSC - Matt Holmes (he/him/his):Because Public School buses disproportionately pollute overburdened communities/sensitive receptors Ned, and they don't leave town.

03:35:26 Kyle Goff - CARB: To be super-clear though, if there are some ways where our guidelines fall short, or maybe lack a bit of flexibility that is key for some of what's needed, there is the potential for the air district to go through the community-identified projects process.

03:35:49 CSC - Jonathan Pruitt - Catholic Charities: Co-Hosts???

03:36:15 Kyle Goff - CARB: We designed the school bus category to be as flexible as possible from the get-go, but as Moyer project they're still subject to cost-effectiveness limits and such that can, even with all the extra flexibility we built in for school buses, be a bit restrictive.

03:36:34 CSC - Jonathan Pruitt - Catholic Charities: Thank you everyone for a wonderful meeting!

03:36:43 CSC - Silvia Cantu: Thank you!!

03:36:43 CSC - Ed Ward:I am willing to co host

03:37:00 CSC - Jonathan Pruitt - Catholic Charities: Happy Cinco de Mayo!

03:37:10 CSC - Maria Mendez: Thank you.

03:37:12 R - Regina Reynolds: Happy Cinco

03:37:14 Kyle Goff - CARB: Bye all!
