Who decided on the amount given for the truck replacement

17:32:52 From AD - Jessica Olsen to Everyone:

Byanka, we will follow the State Moyer guidelines

17:33:04 From Kyle Goff - CARB - he/him/his to Everyone:

Hey all, Kyle here from CARB's incentives programs! I can back up what Todd's saying from CARB's perspective as well -- the requirements Todd's talking about are consistent across the other kinds of incentives in the State that require turnover of an old vehicle.

17:33:51 From R-Byanka Santoyo to Everyone:

That amount also covers the outreach for growers or taken out of the advertising funding source

17:36:01 From Jose Luis - Linguistica Interpreting to Everyone:

De R-Byanka Santoyo a Todos 05:32 PM

Quién decidió la cantidad dada para el reemplazo del camión

De AD - Jessica Olsen a todos 05:32 PM

Byanka, seguiremos las pautas de State Moyer

De Kyle Goff - CARB - él /él/su a Todos 05:33 PM

¡Hola a todos, Kyle aquí de los programas de incentivos de CARB! También puedo respaldar lo que Todd está diciendo desde la perspectiva de CARB: los requisitos de los que habla Todd son consistentes en los otros tipos de incentivos en el Estado que requieren la rotación de un vehículo viejo.

De R-Byanka Santoyo a Todos 05:33 PM

Esa cantidad también cubre el alcance para los productores o se extrae de la fuente de financiación de la publicidad.

17:36:42 From R-Byanka Santoyo to Everyone:

For vehicles repair are they going to change their criteria so residents would be able to apply

17:37:38 From Jose Luis - Linguistica Interpreting to Everyone:

De R-Byanka Santoyo a Todos 05:36 PM

Para la reparación de vehículos van a cambiar sus criterios para que los residentes puedan aplicar?

17:45:03 From CSC CBO-Emma De La Rosa to Everyone:

thats a good idea

17:46:08 From R-Maria Garcia to Everyone:

Buenas tardes, Roberto Garcia ya esta conectado con Maria Garcia en su casa

17:46:58 From Spanish Interpreter Tania, Linguistica to Everyone:

De CSC CBO-Emma De La Rosa

17:47:23 From Spanish Interpreter Tania, Linguistica to Everyone:

From R-Maria Garcia  
Good afternoon, Roberto Garcia is already connected with Maria Garcia at her home.

17:51:56 From CSC CBO-Emma De La Rosa to Everyone:

Will immigration status be an eligibility criteria for any of the incentives that we are discussing?

17:53:21 From Spanish Interpreter Tania, Linguistica to Everyone:

De CSC CBO-Emma De La Rosa  
¿Será el estatus migratorio un criterio de elegibilidad para cualquiera de los incentivos que estamos discutiendo?

17:53:48 From R-Lorena Contreras to Everyone:

Pero aqui la mayoría trabajamos en el campo y no creo que nosotros tengamos la posibilidad de comprar un auto electrico

17:54:58 From R-Lorena Contreras to Everyone:

seria como renta del auto

17:55:09 From CSC CBO-Emma De La Rosa to Everyone:

si 😊

17:55:09 From R-Lorena Contreras to Everyone:

el auto compartido

17:55:42 From Spanish Interpreter Tania, Linguistica to Everyone:

From R-Lorena Contreras

But here most of us work in the countryside and I don't think we have the possibility to buy an electric car.

it would be like renting a car

17:56:23 From Spanish Interpreter Tania, Linguistica to Everyone:

From CSC CBO-Emma De La Rosa to Everyone 08:55 PM

yes 😊

17:57:22 From CSC CBO-Emma De La Rosa to Everyone:

Jose would you add the link to the program that you just shared please?

17:57:48 From Spanish Interpreter Tania, Linguistica to Everyone:

From R-Lorena Contreras

carpooling

17:57:58 From CSC- Jesus Alonso to Everyone:

I agreed with the "increased incentives for vehicle replacement" not the creation of a whole different program. I would need more information on this.

18:00:51 From R - Jose Gurrola to Everyone:

I agree with the voucher idea.

18:01:19 From AD - Jessica Olsen to Everyone:

@Jesus: I apologize, I didn't mean to confuse people. It's not a whole different program. we are increasing to \$20K it will just all come out of AB 617. Like everything in the CERP, the money will be from the CERP allocation.

18:03:30 From Jose Luis - Linguistica Interpreting to Everyone:

De CSC CBO-Emma De La Rosa a Todos 05:57 PM

Jose¿Si añadirías el enlace al programa que acabas de compartir por favor?

De CSC- Jesús Alonso a Todos 17:57

Estuve de acuerdo con el "aumento de los incentivos para el reemplazo de vehículos", no con la creación de un programa completamente diferente. Necesitaría más información al respecto.

De R - Jose Gurrola a Todos 06:00 PM

Estoy de acuerdo con la idea del cupón.

De AD - Jessica Olsen a Todos 06:01 PM

@Jesus: Pido disculpas, no quise confundir a la gente. No es un programa completamente

diferente. estamos aumentando a \$ 20K, todo saldrá de AB 617. Como todo en el CERP, el dinero será de la asignación del CERP.

18:14:10 From Lorelei Oviatt, Kern County Planning Director to Everyone:

How is the on-going water for the urban greening and vegetative barriers being handled ?  
Where is it coming from and how is it being paid for ?

18:15:29 From Jose Luis - Linguistica Interpreting to Everyone:

De Lorelei Oviatt, Directora de Planificación del Condado de Kern a todos 06:14 PM  
¿Cómo se maneja el uso del agua para el reverdecimiento urbano y las barreras vegetativas?  
¿De dónde viene y cómo se está pagando?

18:15:37 From CSC CBO-Emma De La Rosa to Everyone:

I also want to echo Maria's comments about extending the car sharing programs to resident in fuller acres

18:16:36 From Todd DeYoung- AD to Everyone:

@Lorelei - the program could pay for ongoing watering for a period of time (5-10 years?) but it would be necessary to partner with the City or County for ongoing maintenance and watering for a successful program.

18:17:09 From Jose Luis - Linguistica Interpreting to Everyone:

De CSC CBO-Emma De La Rosa a todos 06:15 PM  
También quiero hacerme eco de los comentarios de María sobre la extensión de los programas de uso compartido de automóviles a los residentes de Fuller Acres

18:17:31 From Lorelei Oviatt, Kern County Planning Director to Everyone:

Thank you. The county controls no water and we may not have funding for any maintance. This needs to be clearly lined out before it is installed.

18:18:26 From Jose Luis - Linguistica Interpreting to Everyone:

De Todd DeYoung- AD para todos 06:16 PM  
@Lorelei: el programa podría pagar el riego continuo durante un período de tiempo (¿5-10 años?), pero sería necesario asociarse con la Ciudad o el Condado para el mantenimiento continuo y el riego para tener un programa exitoso.

18:18:54 From Jose Luis - Linguistica Interpreting to Everyone:

De Lorelei Oviatt, Directora de Planificación del Condado de Kern a todos 06:17 PM  
Gracias. El condado no controla el agua y es posible que no tengamos fondos para ningún mantenimiento. Esto debe estar claramente alineado antes de instalarlo.

18:20:27 From Lorelei Oviatt, Kern County Planning Director to Everyone:

The County is fine not having any Public Fleet Vehicles money funded. We support this measure being deleted.

18:21:53 From Spanish Interpreter Tania, Linguistica to Everyone:

De Lorelei Oviatt, Directora de Planificación del Condado de Kern

El condado está bien que no se financie ningún dinero de la flota pública de vehículos. Apoyamos que se elimine esta medida.

18:24:23 From Liz Lev (she/her) to Everyone:

Please put in the chat a "yes" or a "no" to indicate whether you want the Public Fleet Vehicles measure in the CERP

18:25:23 From Daniela Flores (she/her/ella) to Everyone:

18:27:28 From R - Jose Gurrola to Everyone:

Great, thank you.

18:27:31 From CSC CBO-Emma De La Rosa to Everyone:

i agree with that idea, not sure about the funding piece, but yes.

18:27:54 From R - Jose Gurrola to Everyone:

Can we get a more concrete commitment in the CERP?

18:27:54 From CSC- Jesus Alonso to Everyone:

no

18:27:56 From CSC-Jose Gonzalez to Everyone:

yes

18:28:01 From R - Jesus G. Pérez to Everyone:

No. No, unfounded mandates on local government

18:28:04 From Spanish Interpreter Tania, Linguistica to Everyone:

De R - Jose Gurrola  
Estupendo, gracias.

18:28:09 From R-Maria Garcia to Everyone:

18:28:14 From R-Tim Prado to Everyone:

Yes

18:28:28 From CSC CBO-Janet Herrera to Everyone:

Yes

18:28:34 From Spanish Interpreter Tania, Linguistica to Everyone:

De CSC CBO-Emma De La Rosa

Estoy de acuerdo con esa idea, no estoy segura de la parte de la financiación, pero sí.

18:29:00 From Spanish Interpreter Tania, Linguistica to Everyone:

De R - José Gurrola

¿Podemos obtener un compromiso más concreto en el CERP?

18:29:24 From Spanish Interpreter Tania, Linguistica to Everyone:

De R - Jesús G. Pérez

No. No, mandatos infundados a la administración local

18:34:26 From CSC CBO-Emma De La Rosa to Everyone:

for clarification, is this slide reflecting what is being proposed for the CERP or just discussion ?

18:36:20 From AD - Jessica Olsen to Everyone:

@Emma: This is the CERP proposal from DPR. The District will add a lead-in discussion acknowledging the CSC's requests for notification and buffers.

18:36:29 From Spanish Interpreter Tania, Linguistica to Everyone:

De CSC CBO-Emma De La Rosa

para aclarar, ¿esta diapositiva refleja lo que se está proponiendo para el CERP o sólo es una discusión?

18:36:34 From R - Jose Gurrola to Everyone:

How can we get local notifications?

18:36:47 From CSC CBO-Emma De La Rosa to Everyone:

Glenn and County supervisors can commit to a local monitoring system. Any thoughts - Glenn, Lorelei, or Jesus Perez?

18:36:49 From Spanish Interpreter Tania, Linguistica to Everyone:

De AD - Jessica Olsen

@Emma: Esta es la propuesta de CERP del DPR. El Distrito agregará una discusión de entrada reconociendo las solicitudes del CSC para la notificación y los amortiguadores.

18:37:07 From Spanish Interpreter Tania, Linguistica to Everyone:

De R - Jose Gurrola

¿Cómo podemos recibir notificaciones locales?

18:37:40 From Spanish Interpreter Tania, Linguistica to Everyone:

De CSC CBO-Emma De La Rosa  
Glenn y los supervisores del condado pueden comprometerse con un sistema de monitoreo local. ¿Alguna idea - Glenn, Lorelei, o Jesús Pérez?

18:38:46 From Gov-Glenn Fankhauser - Kern Ag to Everyone:

The best focus is on the statewide notification system. Eventually this will exist for everyone.

18:39:20 From Spanish Interpreter Tania, Linguistica to Everyone:

De Gov-Glenn Fankhauser - Kern Ag  
El mejor enfoque es el sistema de notificación a nivel estatal. Eventualmente esto existirá para todos.

18:39:54 From CSC CBO-Emma De La Rosa to Everyone:

the CSC has been very local of a local system. if that is still the case we must add it to the CERP

18:40:39 From Lorelei Oviatt, Kern County Planning Director to Everyone:

Emma, I think you mean vocal ?

18:41:02 From CSC CBO-Emma De La Rosa to Everyone:

You got it!

18:41:12 From R - Jose Gurrola to Everyone:

I'd be in favor of adopting stricter standards than what DPR adopts statewide, unless state law preempts.

18:41:36 From CSC CBO-Emma De La Rosa to Everyone:

I agree with Jose

18:42:24 From Jose Luis - Linguistica Interpreting to Everyone:

De CSC CBO-Emma De La Rosa a todos 06:39 PM  
el CSC ha sido muy vocal de un sistema local. si ese sigue siendo el caso, debemos añadirlo al CERP

De R - Jose Gurrola a Todos 06:41 PM

Estaría a favor de adoptar estándares más estrictos que los que adopta DPR en todo el estado, a menos que la ley estatal se adelante.

18:42:33 From CSC- Jesus Alonso to Everyone:

I Agree with Jose Gurrola

18:43:43 From Gov-Glenn Fankhauser - Kern Ag to Everyone:

There are a lot of setbacks/buffers that exist already for most if not all materials. There are many and not always uniform buffers depending on material and/or application methods.

18:45:46 From CSC CBO-Emma De La Rosa to Everyone:

I am sorry if i missed the answer - for clarification, is this slide reflecting what is being proposed for the CERP or just discussion ?

18:46:05 From AD - Jessica Olsen to Everyone:

@Emaa: what is being proposed

18:46:45 From CSC CBO-Emma De La Rosa to Everyone:

thanks Jessica!

18:47:08 From CSC CBO-Emma De La Rosa to Everyone:

i do not agree with that. we must continue the discussion and the CERP must ultimately reflect what residents have asked for

18:48:09 From R - Jose Gurrola to Everyone:

Is that two years from now, or are wen already within the two year cycle?

18:48:31 From CSC CBO-Emma De La Rosa to Everyone:

\*i do not agree with what is being proposed. that is pretty much what the state is doing, which is extremely minimal. The purpose of this program is to specifically address issues with localized solution.

18:48:36 From Jose Luis - Linguistica Interpreting to Everyone:

De CSC- Jesús Alonso a Todos 06:42 PM

Estoy de acuerdo con José Gurrola

De Gov-Glenn Fankhauser - Kern Ag a todos 06:43 PM

Hay muchos contratiempos / amortiguadores que ya existen para la mayoría, si no todos, los materiales. Hay muchos amortiguadores y no siempre uniformes dependiendo del material y / o métodos de aplicación.

De CSC CBO-Emma De La Rosa a todos 06:45 PM

Lamento haberme perdido la respuesta: para aclarar, ¿refleja esta diapositiva lo que se propone para el CERP o solo la discusión?

De AD - Jessica Olsen a todos 06:46 PM

@Emaa: qué se propone

18:49:11 From CSC CBO-Emma De La Rosa to Everyone:

To respond to the Minh - does that mean that State is going to add Kern as a pilot this year and the commissioner must oblige?

18:49:24 From Jose Luis - Linguistica Interpreting to Everyone:

De CSC CBO-Emma De La Rosa a todos 06:47 PM

gracias Jessica!

no estoy de acuerdo con eso. debemos continuar la discusión y el CERP debe reflejar en última instancia lo que los residentes han pedido.

De R - Jose Gurrola a Todos 06:48 PM

¿Es eso dentro de dos años, o ya estamos dentro del ciclo de dos años?

De CSC CBO-Emma De La Rosa a todos 06:48 PM

solución localizada.

18:49:25 From CSC CBO-Emma De La Rosa to Everyone:

\*to Minh

18:49:41 From Gov-Glenn Fankhauser - Kern Ag to Everyone:

Our current notification doesn't protect growers, it protects farmworkers.

18:50:14 From Jose Luis - Linguistica Interpreting to Everyone:

De CSC CBO-Emma De La Rosa a todos 06:49 PM

Para responder a Minh, ¿significa eso que el Estado va a agregar a Kern como piloto este año y el comisionado debe corresponder?

18:50:43 From Jose Luis - Linguistica Interpreting to Everyone:

De Gov-Glenn Fankhauser - Kern Ag a todos 06:49 PM

Nuestra notificación actual no protege a los productores, protege a los trabajadores agrícolas.

18:54:52 From CSC CBO-Emma De La Rosa to Everyone:

Lorelei to clarify are you confirming that you are supporting a local monitoring system?

18:54:56 From R - Jesus G. Pérez to Everyone:
