7:00p.m.**

23:33:13 Jessica Olsen - Valley Air District: Hi and welcome back everyone! I took some time in July to drive to the coast with my family to escape the heat :) Did you do anything fun?

23:35:10 Mary Elizabeth: welcome.

23:37:45 CSC-Ed Ward: Good to see everyone. I will need to step out for a previously scheduled meeting at 5:30. Hope to return before the meeting is over. Thanks

23:38:10 R - Mary Elizabeth: Thank you Ed. I appreciate all you do.

23:38:26 AD - Jessica Olsen: Thanks Ed!

23:39:25 Jeffrey Wingfield: Hi all and hope you are having a great summer! I too have to leave early tonight for another family commitment! I'll stay as long as possible!

23:42:52 Stephanie Ng - Valley Air District (she/hers): happy August everyone! Here is today's agenda: [https://community.valleyair.org/media/4185/08032022\\_stockton-agenda.pdf](https://community.valleyair.org/media/4185/08032022_stockton-agenda.pdf)

23:43:58 Stephanie Ng - Valley Air District (she/hers): here is the link to the clean air room pilot program page: <https://valleyair.org/cleanairroom>

23:46:12 R - Mary Elizabeth: Did anyone smell the smoke last night?

23:51:27 Gaby Magana H+Co (she/her): Please feel free to ask questions in the chat!

23:52:56 Stephanie Ng - Valley Air District (she/hers): Here is our air monitoring presentation: <https://community.valleyair.org/media/4206/stockton-community-air-monitoring-8-3-22.pdf>

23:55:29 AD - Jessica Olsen: Here is the live air monitoring data at all these locations: <https://community.valleyair.org/selected-communities/stockton/community-air-monitoring/>

24:09:25 AD - Jessica Olsen: @Mary: we love your questions!

24:11:04 R- Jazmarie LaTour & Bobby Gomez: thanks for this info. just noticing a typo "Manila" is just one L 😊

24:12:08 CSC-Jonathan Pruitt-Catholic Charities: We definitely need more locations near heavier polluted areas

24:13:28 Jeff Wingfield-GOV: I will shake the electrical agreement loose from our Properties Department for the Boggs Tract monitor!

24:13:42 AD - Jessica Olsen: Thanks Jeff!

24:14:11 Stephanie Ng - Valley Air District (she/hers): @Jazzy & Bobby, thanks for catching that! We've noted the typo and will correct it

24:14:42 R- Jazmarie LaTour & Bobby Gomez: 🍷

24:15:37 AD - Jessica Olsen: @Jonathan, good point. I think we might start to see more of a difference between the community monitors once we have the trailer at Boggs Tract.

24:15:46 R - Mary Elizabeth: How long does it take for an asthma response to occur?

24:16:19 Karina Aguilera - CARB: It is helpful to also look at the Fire and Smoke map which applies a correction factor to the Purple Air unit data to take into account other factors that may bias high readings sometimes <https://fire.airnow.gov/>

24:16:27 CSC- Cynthia Pinto-Cabrera,CVAQ: What day was that 109?

24:17:17 Karina Aguilera - CARB: The Purple Air map is useful to see those current conditions as well though

24:18:33 AD - Brad Dawson: Thank you Cynthia, that peak was recorded on February 5th.

24:18:54 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: Thanks for the additional info on health!

24:19:05 CSC- Cynthia Pinto-Cabrera,CVAQ: Thanks Brad!

24:19:31 R - Mary Elizabeth: Thank you.

24:19:43 AD - Jessica Olsen: I will second Karina's recommendation for the Fire & Smoke Map!

24:20:21 Stephanie Ng - Valley Air District (she/hers): CERP incentives measure update presentation: [https://community.valleyair.org/media/4218/8322\\_august-budget-update-stockton.pdf](https://community.valleyair.org/media/4218/8322_august-budget-update-stockton.pdf)

24:23:29 AD - Heather Heinks: Here are the ROAR guidelines (Real-Time Outdoor Activity Risk) that correspond to each of the air quality levels (1 through 5) that you might see in RAAN. <http://healthyairliving.com/media/1046/roar-schools-2017.pdf>

24:24:48 R - Mary Elizabeth: Please describe how any funding obtained will be verified and implemented.

24:27:43 R - Mary Elizabeth: Thank you Aaron, will you post that reporting on our website?

24:33:54 R - Mary Elizabeth: To Marcus: when do you think those UV treatment systems to be installed at all school sites?

24:39:05 R - Nate Knodt: Nate - Can we do Day Care Centers, Charter Schools, and Churches for filtration?

24:39:40 AD - Jessica Olsen: @ nate, you read our minds! We hope to get feedback like that today.

24:40:18 CSC- Cynthia Pinto-Cabrera,CVAQ: It shows all the questions at once

24:40:24 CSC - Spencer Fern - RTD: It was all questions for me

24:40:52 Gaby Magana H+Co (she/her): PollEv.com/ab617 or text AB617 to 37607 to join the session

24:41:31 AD - Jessica Olsen: PollEv.com/ab617

24:43:24 Flores Jennifer-Csc: i agree. too complicated

24:43:43 R - Deby Provost: not getting it!

24:43:48 CSC- Cynthia Pinto-Cabrera,CVAQ: I am good with either

24:45:37 R - Mary Elizabeth: B

24:45:50 R - Nate Knodt: Explore new opportunities.

24:45:51 CSC-Jonathan Pruitt-Catholic Charities: B

24:45:53 CSC- Cynthia Pinto-Cabrera,CVAQ: B

24:45:56 Christine Tran (SJCOG): B

24:46:00 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: B

24:46:01 Clifton Maxwell-CSC-PUENTES: B - let plant more tree

24:46:04 CSC - Spencer Fern - RTD: B

24:46:04 R-Stacey Panyasee: B

24:46:10 R-Florence Quilantang CSC: B

24:46:12 R-Margo Praus: B

24:46:13 R - Lenard Seawood2: B

24:46:17 R- Jazmarie LaTour & Bobby Gomez: B

24:46:40 Flores Jennifer-Csc: B

24:46:46 R - Douglas Vigil: B

24:46:49 CSC-Ed Ward: A

24:49:36 R - Nate Knodt: I wish to pursue third option C. Protect Communities ASAP.

24:49:39 AD - Jessica Olsen: FYI, this question is just to help guide you for our more directed questions about allocating funding. We do not need consensus on this one :)

24:50:28 R - Deby Provost: D

24:50:39 Flores Jennifer-Csc: D

24:50:48 R - Douglas Vigil: C

24:51:09 R - Mary Elizabeth: B - clean air now!

24:51:12 R - Lenard Seawood2: C

24:51:31 CSC-Ed Ward: B

24:51:49 CSC-Jonathan Pruitt-Catholic Charities: C

24:51:50 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: C

24:51:56 CSC- Cynthia Pinto-Cabrera,CVAQ: C

24:51:57 R-Margo Praus: B

24:52:08 R-Stacey Panyasee: C

24:52:09 CSC - Spencer Fern - RTD: C

24:52:15 Christine Tran (SJCOG): C

24:52:17 R - Deby Provost: me too! Like the tree idea!

24:52:31 R- Jazmarie LaTour & Bobby Gomez: C

24:53:14 R-Florence Quilantang CSC: D

24:55:56 R - Nate Knodt: Nate - I believe that options A & B can be implemented to more people - faster - than the Option C.

24:58:16 R - Mary Elizabeth: No

24:59:07 Clifton Maxwell-CSC-PUENTES: no

24:59:08 R - Mary Elizabeth: More on commercial

24:59:26 CSC- Cynthia Pinto-Cabrera,CVAQ: We need exposure reduction just as much as we need emissions reductions. I vote NO on residential lawn and & garden

24:59:37 R-Stacey Panyasee: No

24:59:45 Flores Jennifer-Csc: im with clifton!

24:59:48 CSC - Spencer Fern - RTD: No

24:59:50 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: No

25:00:14 CSC-Jonathan Pruitt-Catholic Charities: That's a good point Clifton

25:00:31 R - Mary Elizabeth: In my walking travels - I see more commercial use than residential.

25:01:29 R - Deby Provost: no.

25:01:36 CSC-Ed Ward: Yes support commercial use

25:01:57 CSC-Jonathan Pruitt-Catholic Charities: Do we have a list of commercial companies in South Stockton?

25:02:05 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: Could we come back to this question?

25:02:09 R - Deby Provost: yes to commercial.

25:02:11 Clifton Maxwell-CSC-PUENTES: same issue with commercial lawns - encouraging wasteful water use

25:02:13 Flores Jennifer-Csc: promote drought proof gardens

25:02:16 CSC- Cynthia Pinto-Cabrera,CVAQ: I am more interested in going through some of the other measures and then coming back to this

25:02:35 Clifton Maxwell-CSC-PUENTES: rebates for commercial native/drought proof landscaping

25:02:37 CSC-Jonathan Pruitt-Catholic Charities: That would help us out because these commercial companies I know do not have main hubs in South Stockton.

25:02:52 R - Mary Elizabeth: I am not a lawn lover but there are still mowing going on.

25:03:23 R - Nate Knodt: I support commercial language. Nearly all commercial garden equipment is gas operated for flexibility of use. I am good to come back on items if we move things along;

25:04:43 Clifton Maxwell-CSC-PUENTES: it is directly related to emissions because businesses quit mowing and plants sequester emissions - double win

25:05:37 Gaby Magana H+Co (she/her): Thank you for all your feedback in this chat. This is extremely helpful information!

25:05:39 R - Nate Knodt: Trimming and blowing continues during drought. Many bushes and shrubs grow vigorously even in drought conditions.

25:05:39 R - Lenard Seawood2: I support residential lawn & garden

25:05:58 R - Douglas Vigil: yes

25:06:48 Clifton Maxwell-CSC-PUENTES: No - natural gas burns clean compared to wood fire but fracking for nat gas isn't something I support

25:06:49 Flores Jennifer-Csc: no

25:06:51 R - Nate Knodt: Nate - I agree YES for this fireplace increase,

25:06:53 R-Stacey Panyasee: Yes

25:07:01 CSC-Ed Ward: Yes

25:07:07 R - Deby Provost: yes oh yes

25:07:08 Christine Tran (SJCOG): Yes

25:07:18 CSC-Jonathan Pruitt-Catholic Charities: Yes

25:07:21 R-Margo Praus: Yes

25:07:28 R-Florence Quilantang CSC: Yes

25:07:59 Flores Jennifer-Csc: fireplaces arent used every day

25:08:43 R - Deby Provost: they also have electric, Mary.

25:08:58 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: would be great to include subsidies

25:09:08 CSC-Ed Ward: Good point Mary Elizabeth

25:09:32 Clifton Maxwell-CSC-PUENTES: even gas fireplaces leak emissions, you are right Mary there are better options, like biomass waste heating

25:10:01 R - Mary Elizabeth: No

25:11:02 R- Jazmarie LaTour & Bobby Gomez: Yes

25:11:28 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: The change does improve indoor air compared to wood fireplace. Can there be stipends/subsidies to help with an increase in gas bills?

25:12:14 CSC-Jonathan Pruitt-Catholic Charities: I would like to see it for the electric insert tbh

25:13:39 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: I'd be okay with tabling

25:13:52 CSC- Cynthia Pinto-Cabrera,CVAQ: Yes, interested in electric options + subsidies/stipends

25:14:48 R - Mary Elizabeth: So these changes we are making now will be going to the board now and to the board again for other changes?

25:14:49 R - Nate Knodt: Many people who burn wood are reluctant to go to electric. I am OK with tabling anything tonight that requires more and separate discussions. I do not wish to rush or ram any decisions for the sake of urgency tonight. Nate

25:15:11 R- Jazmarie LaTour & Bobby Gomez: I think think electric with bill assistance is best

25:15:35 CSC-Jonathan Pruitt-Catholic Charities: I think it would be important to see how much it costs for the electric insert and how we would be able to pay for it fully. Still more information needed for this discussion

25:18:30 R-Margo Praus: Yes, I think we need to think about all this! We want things to change, sooner rather than later, but I think tabling till next month is a good idea.

25:18:47 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: ^agreed

25:22:14 CSC-Ed Ward: I agree to move this forward

25:22:59 CSC- Cynthia Pinto-Cabrera,CVAQ: Agree to move RFP forward.

25:23:08 Stephanie Ng - Valley Air District (she/hers):  
<https://community.valleyair.org/media/4179/stockton-vegetative-barriers-rfp-updated-draft-july-2022.pdf> page 8 for location

25:23:14 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: No objections, ready to move forward

25:23:19 CSC-Jonathan Pruitt-Catholic Charities: Let us get this going! We need those vegetative barriers asap

25:23:29 CSC - Elaine Barut Labson - She/Hers, Little Manila Rising: ^<sup>100</sup>

25:23:45 AD - Heather Heinks: 🌲🌲🌲🌲

25:26:59 R - Deby Provost: Good idea, Margo!

25:27:45 R - Mary Elizabeth: We need bicycle parking.

25:29:56 R - Mary Elizabeth: Thank you Jonathan for all your work:)
