# Stockton Lawn Mower Distribution Event

# Opportunities for Funding Reallocation

- CSC has supported various funding reallocations to in need measures, including:
  - \$115,000 was shifted to support residential wood burning
  - \$100,000 was shifted to support residential lawn and garden
  - \$386,627 was shifted to support commercial lawn and garden
  - \$2,000,000 was shifted to support passenger vehicle replace
- As we understand demand for programs, District is committed to working with CSC to reallocate funds to measures as needed
  - To make reallocation to in need measures possible, District will also work with CSC to identify measures with little interest or that are not progressing as expected

# CERP Measure Implementation – Locomotives Update

Measure & Description	Funding Allocated & Progress to Date	Next Steps
Diesel Switcher Locomotives	\$6,800,000	<ul style="list-style-type: none"><li>April 2023 regulation in effect, limits time agencies can provide funding for replacement with state dollars</li></ul> <p><b>Next steps:</b> District seeking federal grants to allow for maximum funding to replace locomotives and will pursue opportunities to leverage state funding</p>

Although the District is still seeking opportunities with this measure, the District recommends beginning to reallocate some funds to support other in need, priority measures.

# Building Consensus: Residential Lawn and Garden

Replace gas powered lawn mowers with electric equipment at no cost to Stockton AB  
617 community residents (up to \$500 per household)

Residential Lawn and Garden  
Measure

Yes: Add \$200,000 to Residential Lawn &  
Garden

400 **additional** residents can participate  
Hold large event in community

NO: Do Not Add \$200,000 to Residential
