|-------------------------------|-----------------|--------------------------------|----------------------------------|-----------------------------------|------------------------------------|---|---------------------------------------|---|
| In place                      | In place        | In place                       | In place                         | In place                          | In place                           | In Place: Deployed at West Fresno Middle School | Van being used for this area          | In place  |

### PM2.5 Monitoring:

**Understanding Toxics and Particulate Matter**  
24-hour samples of Volatile Organic Compounds (VOC) and PM2.5 on June 20<sup>th</sup> and 22<sup>nd</sup>.

**Air Monitoring Van Activities**  
Van monitoring performed June 25<sup>th</sup> at Tulare and R St. & E. California and S. Walnut Ave

### Ongoing Implementation

- » \*Working with Fresno Unified School District to deploy monitor at Edison High School.
- » Additional pollutants have been added to real-time air pollution charts on District's website for the community and the charts have been enhanced visually and functionally to improve user experience.
