

Fresno CERP Measure Tracker

#	Measure	Description	CARB Approved Community Emission Reduction Plan Required	COMMITTED Funding Units	TO-DATE Funding and/or Units	Lifetime Reductions	Status Update	Relevant Links
AG.1	Alternatives to Agricultural Burning (chipping/soil incorporation) Crystal Yunker 559-230-5961 Crystal.Yunker@valleyair.org	Dedicated incentive program for deploying on-field alternatives to the open burning of agricultural materials	Yes/CARB Approved	\$375,000 700 acres	\$29,600 37 acres	PM2.5: 2.01 tons NOx: 0.77 tons VOC: 1.73 tons	-Met with Almond Board -Developing Outreach tools -Informing growers of program during inspections -Program relaunch with additional State funding, created new webpage to highlight the grant program.	Guideline Development Project Plan Available Incentives
AG.2	Pesticide Measures Ryan Hayashi 559-230-5958 Ryan.Hayashi@valleyair.org	Reducing exposure to pesticides (under development by CARB & DPR)	Not Required			Pesticides	-Nov 2020: DPR developed 1-3D mitigation pilot program & have included Parlier, slightly southeast of South Central Fresno community, may be used for future state-wide regulatory effort	
RB.1	Replace Wood Burning Devices Nhia Vu 559-230-5847 Nhia.Vu@valleyair.org	Incentive program for replacement of existing wood burning devices & pellet stoves with natural gas or electric \$3,000 for natural gas devices & \$4,000 for an eligible electric heating device	Yes/CARB Approved	\$1,500,000 500 devices	\$60,000 20 devices	PM2.5	-Burn Cleaner Radio and Social Media Ads running; Fresno specific flyer developed for circulation	Guideline Development Project Plan Available Incentives
RB.3	Enhanced Enforcement of Wood Burning Curtailments Jason Lawler 559-230-5994 Jason.Lawler@valleyair.org	Enhanced enforcement of wood-burning curtailments Work with CSC to focus in areas where burning is prevalent	Not Required	4 hours of surveillance each curtailment day	560.4 hours surveillance	PM2.5	-2019/20 Season (Nov – Feb): 101 violations documented -2020/21 Season (Nov – Feb): 71 violations documented -2021/22 Season (Nov – Feb): Enhanced surveillance ongoing	Implementation of Enforcement Measures Annual Enforcement Report (2021)
RB.4	Outreach to Reduce Illegal Burning Activity Heather Heinks 559-230-5898 Heather.Heinks@valleyair.org	Educate residents about illegality & health impacts of burning waste Geo-targeted outdoor ads in areas with frequent violations	Not Applicable	5 workshops 4 billboards 3 bus shelters/kiosks 2 buses 2 postcard mailers	1 billboard 1 mailer	PM2.5	-Ongoing announcements on District social media	District Outreach Measures Presentation & Feedback
RB.5	Enhanced Enforcement to Reduce Illegal Burning of Residential Waste Jason Lawler 559-230-5994 Jason.Lawler@valleyair.org	Work with CSC to focus surveillance in areas where burning is prevalent	Not Applicable	targeted surveillance each Quarter	120 hours surveillance	PM2.5	8 violations documented Enhanced surveillance ongoing	Implementation of Enforcement Measures Annual Enforcement Report (2021)
FD.1	Enhanced Enforcement Regulation VIII Fugitive Dust Requirements Jason Lawler 559-230-5994 Jason.Lawler@valleyair.org	Limit the potential for localized air quality impacts associated with fugitive dust from construction/earthmoving activities.	Not Applicable	Targeted enforcement	8 sites	PM10	0 violations documented	Q1 2020 Enforcement Actions Implementation of Enforcement Measures

Fresno CERP Measure Tracker

#	Measure	Description	CARB Approved Community Emission Reduction Plan Required	COMMITTED Funding Units	TO-DATE Funding and/or Units	Lifetime Reductions	Status Update	Relevant Links
FD.2	Street Sweeping Mark Montelongo 559-230-5905 Mark.Montelongo@valleyair.org	Identify opportunities to further street sweeping efforts in the community	Not Applicable			PM10	-District has coordinated with the County of Fresno to present & discuss implementation of the measure. -A street sweeping map has been provided by the City	Street Sweeping Map
FD.3	Road paving improvements Mark Montelongo 559-230-5905 Mark.Montelongo@valleyair.org	Evaluate feasibility of road paving, road resurfacing, & sidewalk improvements, provide support in grant applications	Not Applicable			PM10	-The District has coordinated with the City and County of Fresno to present & discuss implementation of the measure. The District has received a list of improvement projects within the Community.	Map of SB1 funded projects
LG.1	Residential Lawn & Garden Equipment Nhia Vu 559-230-5847 Nhia.Vu@valleyair.org	Increased incentives for the replacement of gas-powered residential lawn care equipment with electric units for residents within AB 617 boundary	Yes/CARB Approved	\$200,000 570 units 100% cost	\$12,138.94 37 units (26 Replacements and 11 New Purchases)	NOx: 0.009 tons PM2.5: 0.006 tons	-Commercials on Spanish radio summer 2021 -Dropped off outreach banner & materials at Ace Hardware in AB 617 community. -Working with a mower vendor to arrange Fresno Trade In Event.	Project Plan Available Incentives
LG.2	Commercial Lawn & Garden Equipment Nhia Vu 559-230-5847 Nhia.Vu@valleyair.org	Incentives for replacement of gas-powered commercial lawn care equipment with electric units for operations within AB 617 boundary	Yes/CARB Approved	\$75,000 60 units	\$0 0 units	NOx PM2.5	- Social media campaign and advertising scheduled for April, May, June, 2021 - Commercials on Spanish radio begin in June 2021 - Zoom Press Event 6/25/21	Project Plan Available Incentives
SD.1	Solar power & energy storage Tom Jordan 559-230-5802 Tom.Jordan@valleyair.org	Seek incentives for local businesses & homeowners to install Coordinate meetings that offer incentives for solar photovoltaic (PV) installation, green energy programs to reduce utility rates.	Not Required	1 meeting with CSC	2 CSC meeting with project partners	NOx	- Have requested Grid Alternatives, the CPUC, & Fresno EOC to present information to the CSC at future meeting	
UG.1	Urban greening & forestry in the community David Lopez 559-230-6144 David.Lopez@valleyair.org	Identify & support efforts to increase urban greening & forestry. District will consider a funding match, contingent on state funding allocations.	Yes/ CARB Approved	\$1,000,000 2 Meetings with CSC	\$0 0 projects	Health Protective Mitigation	-December 7, 2021 subcommittee meeting to review draft RFP and solicit feedback from CSC members	Project Plan Participate by adding your suggestions here
VB.1	Vegetative Barriers David Lopez 559-230-6144 David.Lopez@valleyair.org	Provide incentives for installation of vegetative barriers around/near sources of concern	Yes/ CARB Approved	\$1,000,000 Community identified projects	\$0 0 projects	Health Protective Mitigation	-December 7, 2021 subcommittee meeting to review draft RFP and solicit feedback from CSC members	Project Plan Participate by adding your suggestions here
CC.1	Underfired charbroilers Jon Klassen 559-230-5809 Jon.Klassen@valleyair.org	Incentive program for underfired charbroilers for installation of control equipment to reduce particulate emissions	Yes	\$1,200,000 8 devices 100% cost	\$0 0 devices	PM2.5	-Continuing outreach to solicit interest in program -Ongoing targeted outreach to community restaurants to take advantage of the program -Will be working with restaurant stakeholder group to assess best practices for program -Working with city and county to develop model ordinance	

Fresno CERP Measure Tracker

#	Measure	Description	CARB Approved Community Emission Reduction Plan Required	COMMITTED Funding Units	TO-DATE Funding and/or Units	Lifetime Reductions	Status Update	Relevant Links
C.1	Tune-In Tune-Up Brian Dodds 559-230-5872 Brian.Dodds@valleyair.org	Host Tune-In Tune-Up Events within Community	Yes/Pending CARB Approval	\$1,000,000 1,250 vehicle repairs	\$0 0 units	NOx	-Partnered with Valley CAN who implements events - Enhanced outreach focus for online virtual event model based on COVID - 19 restrictions -Submitted Project Plan to CARB for review on 08/02/2021.	Summary of Community Discussion
C.2	Drive Clean Carrie Todd 559-230-6148 Carrie.Todd@valleyair.org	Drive Clean incentive funding for replacement of passenger vehicles with battery electric or plug-in hybrid vehicles for South Central Fresno residents	Yes	\$1,600,000 220 vehicles	\$0 0 units	NOx PM2.5	- Partnered with Valley CAN who helps administer the program - Developing project plan for CARB	
C.5	Increased Educational Training for EV Mechanics Aaron Tarango 559-230-5873 Aaron.tarango@valleyair.org	Incentive program for educational training for EV mechanics	Yes/Pending CARB Approval	\$75,000 5 training courses	\$0 0 courses	Health Protective Mitigation	- Submitted Project Plan to CARB 2/24/2021	Project Plan
PF.1	Public Fleet Vehicles Nhia Vu 559-230-5847 Nhia.Vu@valleyair.org	Enhance outreach & access to incentive funding for Replacing older public fleet vehicles with new, clean-vehicle technology	Yes	\$8,000,000 400 vehicles	\$0 0 vehicles		- Developing project plan for CARB -Conducting outreach to public agencies to take advantage of program	District update on CARB guideline development process
IR.1	Idling-Reduction Strategy: Reducing Automobile Idling Near Sensitive Receptors Jamie Holt 559-230-5850 Jamie.Holt@valleyair.org	Automobile idle-reduction outreach	Not Required	30 bilingual idle-reduction signs 5 presentations on vehicle exhaust	30 signs created	Health Protective Mitigation	- Worked with CSC to get specific feedback on outreach measures -Work with CSC to identify locations for signs -Partnering with City of Fresno to plan sign deployment	
HD.1	Heavy-Duty Trucks Jeannine Tackett 559-230-5843 Jeannine.Tackett@valleyair.org	Heavy duty truck replacement with zero & near zero emission technology	Yes/Pending CARB Approval	\$7,500,000 75 diesel trucks 50% cost	\$0 0 units	NOx PM2.5	- Addressed comments from CARB on project plan and resubmitted on 08/02/2021 -Will return to CSC for direction on outreach	Project Plan
HD.2	Yard Trucks & Truck Refrigeration Units (TRUs) Jeannine Tackett 559-230-5843 Jeannine.Tackett@valleyair.org	Provide incentive funding for to replace diesel powered yard trucks or transport refrigeration units & related infrastructure with zero emission technology	Yes/Pending CARB Approval	\$3,500,000 25 units 50% cost	\$0 0 units	NOx PM2.5	- Submitted Project Plan to CARB 2/24/2021 -Will return to CSC for direction on outreach	Project Plan
HD.3	Charging Plugs for Trucks Jeannine Tackett 559-230-5843 Jeannine.Tackett@valleyair.org	Provide incentive funding for charging infrastructure at distribution centers, warehouse, & other types of freight facilities to reduce idling	Yes	\$100,000 33 plugs	\$0 0 units	NOx PM2.5	- Developing project plan for CARB -Will return to CSC for direction on outreach	District update on CARB guideline development process
HD.4	Alternative Fuel Fueling Station David Lopez 559-230-6144 David.Lopez@valleyair.org	Incentivize the development of clean-vehicle fueling infrastructure	Not Required	\$1,000,000 1 natural gas station	\$1,668,510.20 2 stations	Health Protective Mitigation	- Eligible under CAP guidelines	

Fresno CERP Measure Tracker

#	Measure	Description	CARB Approved Community Emission Reduction Plan Required	COMMITTED Funding Units	TO-DATE Funding and/or Units	Lifetime Reductions	Status Update	Relevant Links
HD.6	Enhanced Enforcement of Statewide Anti-Idling Regulation Jason Lawler 559-230-5994 Jason.Lawler@valleyair.org	Additional targeted anti-idling enforcement efforts District & CARB will work with CSC to identify heavy-duty vehicle idling "hot spots"	Not Required	Targeted surveillance	240 hours of surveillance	Health Protective Mitigation	- Visited locations identified by CSC & CARB to have a history of high idling activity - District met with businesses of concern to discuss the state idling regulation & to look for opportunities to reduce idling	Q1 2020 Enforcement Actions Implementation of Enforcement Measures
HD.7	Electric School Buses Crystal Yunker 559-230-5961 Crystal.Yunker@valleyair.org	Incentive program for replacing older diesel school buses with zero or near-zero emission buses	Not Required	\$6,400,000 16 buses 100% cost	\$0 0 units PLUS 8 buses Fowler Unified	NOx PM2.5	- Subcommittee formed - Eligible for CAP funding - Ongoing discussions with local school districts on potential bus routes that could utilize electric busses	Summary of Community Discussion Available Incentives
HD.10	Railcar Movers/Switchers Aaron Tarango 559-230-5873 Aaron.tarango@valleyair.org	Replacing older diesel railcar movers & switcher locomotives with new clean-engine technology	Not Required	\$4,100,000 3 units 95% cost	\$358,991 1 units	NOx: 5.8 tons PM2.5: 0.32 tons	- Penny Newman Grain to replace railcar - Eligible for CAP funding	Summary of Community Discussion
HD.11	Heavy Duty Truck Rerouting Brian Dodds 559-230-5872 Brian.Dodds@valleyair.org	Funding to work with City of Fresno to conduct heavy duty truck rerouting study in AB 617 boundary	Yes/CARB Approved	\$500,000 1 study Up to 100% cost	\$0 0 units	Health Protective Mitigation	-Subcommittee formed & City of Fresno drafted RFP -APCO to execute necessary agreements with City -Waiting for city to provide updated draft language on RFP	City of Fresno update presentation Draft RFP Project Plan
HD.12	Promote the use of Biodiesel & Renewable Diesel Fuels	Use of Biodiesel & Renewable Diesel Fuels	Not Required			NOx PM2.5	-District to combine efforts with HD.4, Alternative Fuel Station Infrastructure	
LU.1	Land Use/Sustainable Development: Support Projects that Reduce VMT Mark Montelongo 559-230-5905 Mark.Montelongo@valleyair.org	Partner with the City of Fresno to identify opportunities to provide support for projects that reduce VMT	Not Required	Potential match funding support to eligible projects.	14 meetings with the City	Health Protective Mitigation	- Developed language for land use projects on promoting the reduction vehicle miles traveled -Participated in City's General Plan process -District commented on the South Central Fresno Specific Plan environmental review process -Coordinating with the City of Fresno and participating in City-hosted meetings regarding land use actions in community	District comments on City of Fresno General Plan Draft Program Environmental Impact Report . District comments on City of Fresno's Notice of Preparation of an Environmental Impact Report for Revisions to the Fresno South Central Specific Plan

#	Measure	Description	CARB Approved Community Emission Reduction Plan Required	COMMITTED Funding Units	TO-DATE Funding and/or Units	Lifetime Reductions	Status Update	Relevant Links
LU.2	New Development: Provide assistance during the CEQA process Mark Montelongo 559-230-5905 Mark.Montelongo@valleyair.org	Work with the City & County on active CEQA coordination	Not Required		The District has received 138 projects for comment under CEQA as of 2/1/22.	Health Protective Mitigation	- Developed language for CEQA commenting letters to draw attention to project-relevant community measures -Participated in City's General Plan process -Commented on the South Central Fresno Specific Plan - Formal District comments were submitted to the City on 10/16/2020 regarding the Southwest Fresno Specific Plan addendum, amendment application, and rezone application. Comments were resubmit to the Planning Commission for consideration during their upcoming June 2 nd meeting -Reoccurring meetings scheduled with the City of Fresno, Planning Department, to enhance communication of project timelines -December 8, 2021 subcommittee meeting to provide feedback on District/City Coordination -Next meeting will be in 2022	-City of Fresno South Central Fresno Specific Plan environmental review process.
LU.3	Provide Education & Outreach on Available Tools for Public Information Regarding Land Use Projects Jamie Holt 559-230-5850 Jamie.Holt@valleyair.org	Work with the City to hold a public workshop, inform public of available tools, such as FASTER, and train community members how to access/use these tools.	Not Required	1 public workshop	0 work-shops	Health Protective Mitigation	-Participated in City's General Plan process -Hosted Aug. 27, 2019 meeting with CSC and City to demonstrate tools - October 5, 2021 subcommittee reviewed draft MOU letter to integrate this type of measures. Next steps to make changes based on CSC comments -December 8, 2021 subcommittee meeting to provide feedback on District/City Coordination -Next meeting will be in 2022	City of Fresno Portal to track project progress FASTER (Fresno's Accelerated Application System to Track Electronic Reviews) Large City of Fresno Projects under review
LU.4	Collaborating to Enhance Community Participation in Land Use Processes Mark Montelongo 559-230-5905 Mark.Montelongo@valleyair.org	Facilitate discussions with community & land use agencies, identify additional opportunities to address community concerns & questions	Not Required	1 Meeting	14 Meetings with City	Health Protective Mitigation	- October 5, 2021 subcommittee reviewed draft MOU letter to integrate this type of measures. Next steps to make changes based on CSC comments. -December 8, 2021 subcommittee meeting to provide feedback on District/City Coordination -Next meeting will be in 2022	
	Seek MOU or other mechanism to work closely with City of Fresno Mark Montelongo 559-230-5905 Mark.Montelongo@valleyair.org	Establish MOU or alternative mechanism with City of Fresno and the County to strengthen working relationship with agencies that have land use & transportation authority	Not Required	1 MOU	MOU discussion underway	Health Protective Mitigation	*Highest priority of the CSC* -As of May 7, 2021, seven CSC members volunteered to participate in a subcommittee for this measure. - October 5, 2021 subcommittee reviewed draft MOU letter. Next steps to make changes based on CSC comments -December 8, 2021 subcommittee meeting to provide feedback on District/City Coordination -Next meeting will be in 2022	
IAQ.1	Weatherization & enhanced energy efficiency Jamie Holt 559-230-5850 Jamie.Holt@valleyair.org	Provide increased outreach/access to incentive funding for low-income residents community to receive weatherization and energy efficiency services.	Not Required	1 CSC meeting with partner agencies	2 CSC meetings	Health Protective Mitigation	- Olivine presented during May CSC Meeting -Working with Fresno EOC & Grid Alternatives on promotional material - Exploring targeted social media or mailer distribution	Olivine Presentation on Energy Program & RESIDENT-ONLY INCENTIVES

Fresno CERP Measure Tracker

#	Measure	Description	CARB Approved Community Emission Reduction Plan Required	COMMITTED Funding Units	TO-DATE Funding and/or Units	Lifetime Reductions	Status Update	Relevant Links
SC.1	Air Filtration Systems in Community Schools Jeannine Tackett 559-230-5843 Jeannine.Tackett@valleyair.org	Incentive program to install advanced air filtration systems in community schools	Not Required	\$1,500,000 55 schools	\$0 0 schools	Health Protective Mitigation	- High-priority measure, CAP guidelines already in place -2 nd subcommittee meeting -Held meeting with Fresno Unified Trustees & subcommittee -Ongoing coordination with school district to assess best practices and program needs -Governing Board approved program implementation in January	Available Incentives
O.1	Community Air Quality Outreach Strategy Heather Heinks 559-230-5898 Heather.Heinks@valleyair.org	Community Air Quality Outreach	Not Required	4 community meetings 1 targeted social media campaign 4 community spaces for posted AQ info	1 targeted social media campaign	Health Protective Mitigation	- Air Quality awareness social campaign, summer 2021 - Social Media ads promoting myRAAN.com - Developed Air Quality Monitoring Outreach Plan, upcoming subcommittee Nov meeting TBD -Investigated Peach Jar, and text based messaging to connect with parents and schools within the community.	Summary of Community Discussion
O.2	Sharing Clean Air Efforts & How Communities Can Get Involved Heather Heinks 559-230-5898 Heather.Heinks@valleyair.org	Outreach to share clean air efforts	Not Required	4 community meetings 1 targeted social media campaign	Sept. – Dec. 2020: Full page monthly advertisement in AG Source Magazine	Health Protective Mitigation	- Air Quality tools info social campaign, summer 2021 -Social media promoting Burn Cleaner, CGYM, Tune In And Tune Up, and AB 617 implementation -Planning a Fresno Lawn Mower Trade In Event where we can connect with the community on air quality.	Summary of Community Discussion
O.3	Joint Advocacy for Continued & Additional Funding to Support Air Quality Improvement Measures Tom Jordan 559-230-5802 Tom.Jordan@valleyair.org	CARB, District, & CSC will work to advocate for continued funding from the state to implement AB 617	Not Required			Health Protective Mitigation	- Bring funding opportunities to committee as opportunities arise at the state level	Summary of Community Discussion
SC.2	HAL Schools: Increase Participation Heather Heinks 559-230-5898 Heather.Heinks@valleyair.org	Enroll all school districts within boundary in Healthy Air Living Schools Program	Not Required	5 school districts	4 of 5 school districts enrolled in HAL Schools	Health Protective Mitigation	- Arranging opportunities to meet with school staff, administrators & parents -Contacting schools to secure opportunities to present. Great presentation at Kepler School in late 2021.	Summary of Community Discussion
IS.1	Provide incentives to plating operations to further reduce chrome emissions Brian Clements 559-230-5921 Brian.Clements@valleyair.org	Facilities installing advanced control technologies to reduce chromium emissions beyond current rule levels may be funded up to 80% of eligible costs with a \$300,000 cap.	Not Required		\$0 0 projects	Health Protective Mitigation	- Identified potential reduction opportunities of chromium emissions from the installation of control technologies -Chrome plating operations in community contacted and expressed interest in potentially installing additional controls with incentives.
