@Jeannine - we must get together and geek out over bearded iris! I wish I had taken even just a small variety of bulbs from my grandparent's garden.

What my CCI staff contact sent my way in particular was the methodology the program uses to calculate project benefits, along with a calculator that helps do the math for that:

Kelsey Craig here in CARB is our liaison to the folks that run the program in the California Dept. of Community Services and Development!

16:29:46 From Skott Wall-CARB to Everyone:

Does anyone know how many total households there are within the AB 617 area? I'm curious what % would be covered with 2000 units.

16:31:03 From Elaine Barut Labson - She/Hers to Everyone:

Not sure on households, I know over 100k residents living in South Stockton area

16:31:07 From Kyle Goff - CARB - he/him/his to Everyone:

Hmmm, a million years ago I had gotten a statistic from someone somewhere of the total population in the communities, I think derived from census-tract-level data. Could be useful to approximate a # of households if we can't get data on actual household numbers

16:44:01 From Nate Knodt to Everyone:

I am going to City Council tonight, so I must leave at this time. Thank you.

16:48:51 From Stephanie Ng - AD (she/hers) to Everyone:

I'm seeing the next meeting as May 24th (4th Tuesday) @ 4pm

16:49:37 From Catherine Garoupa White to Everyone:
