

November 22, 2021

Mr. Richard Corey  
Executive Officer  
California Air Resources Board  
1001 "I" Street  
Sacramento, CA 95812

**Re: Annual Progress Reports for South Central Fresno, Shafter, and Stockton AB 617 Community Emissions Reduction Programs**

Dear Mr. Corey:

Enclosed are the San Joaquin Valley Air Pollution Control District's (District) annual progress reports for South Central Fresno, Shafter, and Stockton AB 617 Community Emissions Reduction Programs (CERPs), in accordance with AB 617 and the California Air Resources Board's (CARB's) Blueprint.

The District posted the reports to the South Central Fresno, Shafter, and Stockton community webpages on October 1, 2021 and presented draft copies of the annual progress reports to the South Central Fresno, Shafter, and Stockton Communities early in October. The District solicited feedback from the committees during both the October and November meetings and incorporated feedback received into the annual progress reports.

During the District's November 18, 2021, Governing Board meeting, the Governing Board received an update on the CERP implementation for the South Central Fresno, Shafter, and Stockton AB 617 selected communities as described in the annual progress reports.

Please find included the annual progress reports for South Central Fresno, Shafter, and Stockton AB 617 CERPs. Should you have any questions regarding the reports submitted, please contact Jessica Olsen at [jessica.olsen@valleyair.org](mailto:jessica.olsen@valleyair.org) or at (559) 230-6000. The District thanks you and your staff for your assistance and collaboration over the past year in implementing the CERPs for all three communities.

Sincerely,

Ryan Hayashi  
Deputy Air Pollution Control Officer
