- 16:19:47 From Brian Moore | CARB : Oops! BAd link, first try!
- 16:19:58 From Brian Moore | CARB : The second link is the YouTube link to this video.
- 16:22:14 From Nancy Rios to Linguistica Interpreting & Translation(direct message) : please let me know if the presenters are speaking too fast and I can let them know to slow down 😊
- 16:22:19 From Stephanie Ng - Valley Air District : EDVS: <https://webmaps.arb.ca.gov/edvs/>
- 16:30:26 From Brian Moore | CARB : Here are the basics of the rule:

Diesel truck and bus idling enforcement

CARB has rules that limit diesel truck and bus idling to 5 minutes everywhere. With certified Clean Idle stickers, they can idle for more than 5 minutes in unrestricted areas, but are still not allowed to idle within 100 feet of restricted areas such as schools, homes, hospitals, and senior and childcare facilities for more than 5 minutes.

- 16:37:41 From Kyle Goff - CARB - he/him/his : That was a good question, I didn't know all that myself
- 16:41:38 From Stephanie Ng - Valley Air District : https://valleyair.mysocialpinpoint.com/ab-617-stockton_reg_enf/map#/
- 16:44:43 From Brian Moore | CARB : Here is the regulation page on the Transportation Refrigerator Units.

[Transport Refrigeration Unit | California Air Resources Board](#)

16:50:40 From Brian Moore | CARB : The attorney general's office released this list of best practices for warehouse projects. They are good thing to reference in any letter that is written regarding a proposed warehouse development. We reference it in our letters.

[Warehouse Projects: Best Practices and Mitigation Measures to Comply with the California Environmental Quality Act](#)
