

Stockton AB 617 Regulatory and Enforcement Subcommittee Meeting Chat Transcript February 20, 2025 4-5 p.m.

- 16:03:44 From Gloria E. Alonso Cruz (she/her) : I won't be able to use my mic during the meeting. Hi everyone my name is Gloria Alonso - Environmental Justice Advocacy Coordinator with Little Manila Rising.
- 16:07:28 From Eric Bissinger/CARB : I have to leave at 4:30.
- 16:09:51 From Mary Elizabeth : What are the allowed feedstock for the combustion
- 16:12:03 From Mary Elizabeth : When was those pollutant reduction technologies installed?
- 16:13:45 From Nick Peirce - SJVAPCD : The plant was built around the 2011-2012 timeframe. The emission controls were installed then.
- 16:14:51 From Mary Elizabeth : How much biomass do they burn every year?
- 16:20:44 From Mary Elizabeth : Is the on road and off road regulated by CARB?
- 16:21:13 From Mary Elizabeth : What does cooking come from?
- 16:26:45 From Mary Elizabeth : Do you all have any pictures?
- 16:28:06 From Mary Elizabeth : The only plant in the state?
- 16:40:46 From Mary Elizabeth : What about the opacity testing?
- 16:41:02 From Mary Elizabeth : What is public information?
- 16:47:21 From Stephanie Ng : @Mary Elizabeth do you know the units or timeframe for this data set? ours are tons/year and I'm curious if it's the same timeframe and units
- 16:51:57 From Rocio Calderon : <https://ww2.valleyair.org/file-a-complaint>
- 16:52:06 From Michael Hamaguchi : Reacted to "https://ww2.valleyai..." with 👍
- 16:52:27 From Mary Elizabeth : Just to be clear - No one is doing visible opacity testing.
- 17:00:25 From Mary Elizabeth : Just to be clear - looking at this emission plume does not indicate that there is nothing there but water?
- 17:02:18 From Mary Elizabeth : What about the open piles of chipped biomass?
- 17:04:15 From Cynthia Pinto-Cabrera : Thank you
- 17:04:37 From Michael Hamaguchi : Michael.Hamaguchi@valleyair.org
- 17:04:41 From Jag Kahlon : Replying to "Thank you"
- Jag Kahlon's contact: (209) 557-6452
