00:31:50 Rocio Calderon - AD: Reacted to "Congratulations to e..." with ❤️

00:35:28 Sarah Hasan Lane- Valley Air District: Reacted to "Congratulations to e..." with ❤️

00:46:38 R - Mary Elizabeth: Everette - yes!

01:05:45 R - Mary Elizabeth: COS_1.7.2025_Nonagenda_Comments_ME.pdf The pollution from firecrackers is too much.

01:11:28 R- Jazzy LaTour & Bobby Gomez: General curious question: Is there an influx of trucking from agriculture during the spring? Does that impact past or current quarters in the report?

01:11:41 Deby Provost, CSC: Someone should replace Grant? When he is not available!

01:13:18 R - Nate Knodt - Stockton: Espe Vielma of EJCW & Cafe Coop is now Director of Policy for Stockton Mayor Fugazi. EJCW & Cafe Coop each have representatives participating in these AB617 Meetings. I was originally recruited for these meetings by then Vice Mayor Fugazi and Espe Vielma,

01:16:43 Stephanie Ng - Valley Air District: We've been having Albert Rivas join us from the City and similar to what Nate said, Espe is also joining us now from City as well

01:17:24 R- Jazzy LaTour & Bobby Gomez: Thank you

01:19:30 Karina Aguilera - CARB: Just to provide some additional information Margo, there are a few ongoing pesticide air monitoring sites that DPR operates. One is actually in Shafter - Air Monitoring - Department of Pesticide Regulation

01:22:15 Heather Heinks - AD: Reacted to "Just to provide some..." with 👍

01:29:18 R - Douglas Vigil: His mic very robotic tone echo

01:29:36 P- Angie Cooper: Reacted to "His mic very robotic..." with 👍

01:29:45 R - Nate Knodt - Stockton: SUSD Trucks idle a lot in place due to operating the refrigeration units to keep foods/meals fresh.

01:31:58 R - Nate Knodt - Stockton: As former Director of Transportation at SUSD I was in charge of the entire vehicle fleet. SUSD has also been aggressive in purchasing Campus & Maintenance Equipment such as garden trimmers.

01:33:16 R - Nate Knodt - Stockton: Air Blowers and Cleaning Equipment - Charging equipment is crucial.

01:35:52 P - Wes Lowe KTC: Wes Lowe Wes@kingsburgtruckcenter.com

01:35:55 R - Nate Knodt - Stockton: School Districts can use Solar Power for Warehouse and building refrigeration and HVAC.

01:39:44 R - Nate Knodt - Stockton: Cafe Coop produced the vast majority of the public outreach and marketing of the Frito-Lay Modesto ZANZEFF Project (Zero and Near Zero Emission Freight Facilities. Cafe Coop had large volume of information archived regarding this project.

01:45:03 R - Nate Knodt - Stockton: Cafe Coop also produced the public outreach and marketing of the BNSF Railway 3-Year Pilot Project of Battery Electric Locomotive (Road Freight Diesels) operating heavy duty mainline freight service between Stockton and Bakersfield from 2020-2023. Project was successful if BELs paired with Conventional Diesel Locomotives. Wabtech (formerly GE - Locomotives) has placed BEL Road Freight Locomotives in its Railway Freight Locomotive Order Catalogues. I believe that Passenger Service will be good for BEL Locomotives due to regular schedules allowing for regular charging schedules at route endpoints.

01:46:22 Amy Ramos, H+Co: Reacted to "Cafe Coop also produ..." with 👍

01:50:55 R - Nate Knodt - Stockton: I am using Old School corded electric mower and trimmer.

01:52:13 Heather Heinks - AD: Reacted to "I am using Old Schoo..." with !

01:52:23 Heather Heinks - AD: Replying to "I am using Old Schoo..."
corded even!

01:52:59 P- Angie Cooper: Good question @R-CSC - Margo Praus

01:56:06 R - Nate Knodt - Stockton: I am in favor of moving more funding to Mower Exchanges. Gas Gardening Equipment is very polluting!

01:59:35 Heather Heinks - AD: To Steph's point, we pulled together a brochure with info about EV's [evbrochure2024-web.pdf](#)

02:03:41 R - Nate Knodt - Stockton: School Buses cannot operate Field Trips due to lack of, and standard type, of charging infrastructure in different communities. Each company wishes to make money on their own charging equipment and no standardization has yet occurred on a large scale.

02:08:11 Rocio Calderon - AD: passenger vehicle replacement program
