

CARB Freight Days

The California Air Resources Board (CARB) invites you to participate in the Transportation and Toxics Division's (TTD) Freight Days. Come join staff to discuss TTD's Freight programs and regulations and share your input and concerns to help inform future programs and regulation development.

Meeting Information

The event will be split into two evening sessions and cover facility types that may affect you and your community. These include seaports, warehouses, railyards, airports and border crossings. TTD's Freight Days are an opportunity to share with CARB staff your concerns, experiences, and suggestions for how CARB's Freight related efforts can benefit all Californians.

Our Keynote Speaker for this event is Chanell Fletcher, CARB's Deputy Executive Officer of Environmental Justice.

The Freight Days are scheduled to be held:

June 8, 2021 at 5:00 – 7:00pm; and **June 10, 2021** at 5:00-7:00pm

Meeting Details:

On Tuesday, June 8, 2021, we will discuss three facility types: Seaports, Railyards and Border Crossings. On Thursday, June 10, 2021, we will discuss two facility types: Warehouses and Airports and discuss the CARB Freight Regulatory and CEQA process. Each topic will begin with a short presentation from staff, followed by an open floor discussion where we invite you to share your input and ask questions about each topic. The keynote address will occur during the June 8 session.
