San Joaquin Valley Air Pollution Control District

## **Enforcement Plan**

### List of Permitted Facilities

The Valley Air District has some of the most stringent regulations in the country for limiting emissions from businesses and other stationary sources of air contaminants. Numerous types of equipment as well as industrial and commercial processes require a Permit to Operate with the District. The following is a current listing of all facilities located within the Stockton Community which have active Permits to Operate with the District as of June 30, 2025. Previous lists of permitted facilities were provided in [Appendix F](#) of the Stockton Community Emissions Reduction Program (CERP) and in prior annual reports.

## Enforcement Plan Facility Inspections

Facilities that have permits with the Valley Air District are inspected on a regular basis by District Compliance staff to ensure all permit requirements are being followed. New and modified equipment is also inspected before commencing operation. District inspection staff also observes stack emission testing (known as source testing) types of equipment to ensure that proper testing procedures and protocols are followed by the third-party testing company. They also conduct inspections when unforeseen equipment breakdowns occur which may affect a facility's ability to comply with all permit requirements.

In addition to the numerous inspections already conducted by the District each year at permitted facilities throughout the valley, the District committed in the Stockton CERP to increase the frequency of periodic compliance inspections to once every six months at facilities that have had an emissions related violation within the last three years. The following is a listing of all District inspection activities at permitted facilities within the Stockton Community from July 2024 through June 2025. Previous lists of inspections can be found in [Appendix F](#) of the Stockton CERP and in prior annual reports.

# Enforcement Plan

## Summary of Complaints

District inspectors respond to thousands of public air pollution complaints District-wide each year. Some complaints are related to permitted facilities, however a majority of complaints received by the District are for other sources of pollution such as illegal open burning, fireplace burning, dust generating activities, and miscellaneous odors. The District responds to all public complaints received, and makes every effort to respond as quickly as possible. Most complaints are investigated the same day they are reported. The following is a summary of all public air pollution complaints received and responded to within the Stockton Community from July 2024 through June 2025. Previous summaries of complaints can be found in [Appendix F](#) of the Stockton CERP and in prior annual reports.

Date/Time Received	Owner/Operator/Responsible party	Property Address	Complaint Type	Complaint Description	Resolution	Resolution Description
7/7/2024 3:13 PM		1248 S California St	Odor	Foul smelling generator powering a 5th wheel trailer.	Referred To	Staff conducted a site inspection and observed a non-stationary generator, therefore the request was referred to Stockton Code Enforcement.
7/22/2024 4:28 PM	GBM Ceramics	1188 S Airport Way	Open Burn	RP states burning tires and other hazardous items.	No Violation	Staff investigated and found evidence of a previous open burn, however no responsible party could be located.
7/31/2024 9:54 AM		2548 Shimizu Dr	Other	Hi I'm reporting these homeless people next to my house. My house is getting infested with rats and with bad odors. My mom's plants are going to waste because of the rats are destroying her plants that she barely got this week.	Referred To	Staff conducted a site inspection and did not observe an odor, active burn or ashes. The complaint could not be confirmed, but the request was referred to Stockton Code Enforcement.
8/13/2024 7:44 AM	DTE STOCKTON, LLC	2526 W WASHINGTON ST	Visible Emission	The DTE plume was very black this morning at 7:11 8.13.2024	No Violation	Staff conducted a site inspection and reviewed opacity meter records, however there were no recorded opacity exceedances or visible opacity exceedances during the investigation.

9/24/2024 10:43 PM		2548 Shimizu Dr	Open Burn	Good Evening , once again we are having issues with the homeless people around my parents house. They are always burning things making the area smell so bad. And my parents are having crazy issues with rats thanks to them living right in the other side of their fence next to the freeway and some right in front of their house. It's an everyday every night thing of them burning something and making crazy loud noises. This is seriously not safe due to my mother being very old and is always home alone with my two daughters (1yr old / 2 yr old) while I work. Also my sister having Down syndrome is bad for her to be around this type of environment. The picture that I'm uploading is the one we took today this morning. I will try and make another post with a video if I can or more pictures. This is ridiculous and scary to leave around here now for my parents and sisters. Please help my family out. This is not the first time we are having these issues. Thank you.	Referred To	Staff conducted a site inspection and no violation of District Rules was observed during the investigation, however the request was referred to Stockton Police Department's Special Operations Unit.
9/26/2024 12:03 PM		2548 Shimizu Dr	Open Burn	Good Morning , This morning today when I went to my parents house to drop my daughters off. I notice that there was smoke right next to their house. Like I said in my previous complaint these people are just making my parents house a dangerous place to live at. This is scary. My sister said that she notice that there was fire also but couldn't take a picture since it was right next to them and we don't want no problems since they are dangerous people. Thank you.	Referred To	Staff conducted a site inspection and no violation of District Rules was observed during the investigation, however the request was referred to Stockton Code Enforcement.
9/27/2024 9:54 AM		Highway 4 and Highway 99	Odor	Driving east on the crosstown connector freeway just west of the bend to get on highway 99 the smoke was really bad and I had to hold my breath. With the cooler weather there must not have been flow. I have noticed a strong asphaltene odor on the north side of the crosstown connector often late in the afternoon early evening as well as some mornings.	Not Confirmed	Staff conducted a site inspection and did not observe any smoke or detect any odor of "asphaltene" or asphalt.
10/10/2024 10:05 AM		2548 Shimizu Dr	Odor	Good morning we have got in contact with you guys and I know you guys can only do so much but this is getting out of hand. All the smells and fires and just rats being around outlets house it's ridiculous. And more people keep moving in by day. We have contact the city since my sister was told to but we still have not gotten a responds. Please let us know what else we can do we don't feel safe at all. Thank you.	Referred To	Staff conducted a site inspection and no violation of District Rules was observed during the investigation, however the request was referred to Stockton Code Enforcement.
10/21/2024 9:27 AM		2144 E 6th st	Open Burn	Resident burning wood in backyard burn pile.	Not Confirmed	Staff conducted a site inspection and did not observe any evidence of the recent fire. Burn Advisory Notice left on site.
10/29/2024 10:29 AM	Canelos Market TMobile Prepaid Mexico	2031 S El Dorado St, Stockton, CA	Odor	Massive BBQ creating a lot of smoke causing visibility issues for drivers.	No Violation	Staff conducted a site inspection and a wood-fired barbecue grill was in operation at the time of inspection. District rules do not prohibit the use of fires for the purpose of preparing food.
10/30/2024 4:07 PM	San Joaquin County Housing Authority	2504 Connecticut Ave	Asbestos	Possible asbestos exposure from home renovation.	Not Confirmed	Compliance Questionnaire on file for renovation.
11/5/2024 5:56 AM	Dte	2526 W Washington St.	Odor	Coming back from a meeting we noticed the plumes not only from the main stacks but also from the turbines at DTE and wanted to investigation. Driving around Navy Drive to Washington Ave the smells were observed. We took some pictures and the odors from the combustion were really strong and we were around there less than 15 minutes and we both experienced some headache. Pictures were taken	Not Confirmed	Staff conducted a site inspection, reviewed Continuous Monitoring System performance and observed condensate steam plumes from the stack and the cooling towers. No violations of District Rules during the time of investigation.

# Enforcement Plan

## Summary of Violations Found

The District implements a robust enforcement program that includes regular inspections of facilities with District permits as well as other potential sources of air contaminants. In the Stockton CERP, the District committed to further enhancing its enforcement efforts in a few areas of concern to the community. District compliance staff have completed idling diesel truck surveillance, fugitive dust Regulation VIII inspections, and conducted more frequent inspections at facilities with recent emissions violations.

When a violation of a District rule or other air pollution regulation is discovered during an inspection, complaint investigation, or through surveillance activities, the violation is documented through the issuance of a formal notice to the owner or operator, and depending on the nature of the violation, may be subject to substantial monetary penalties. The following is a summary of all violation notices issued from July 2024 to June 2025 for violations of District Rules or other State air pollution control regulations within the Stockton Community. These include violations at permitted facilities as well as other non-permitted facilities and private residences. Previous lists of violations can be found in [Appendix F](#) of the Stockton CERP and in prior annual reports.
