- 18:39:19 From Natalie Delgado-Carrillo, CCEJN: Here is a link to the final report that shares the updated routes with the Truck Bypass Restriction Zones. I think it would be helpful to show this one because even though many routes have been eliminated, trucks are still allowed to pass through these zones

- 18:41:03 From Spanish Interpreter, Tania, Linguística: Sandra Celedon - CSF de Fresno
Las capas serían útiles
- Natalie Delgado-Carrillo, CCEJN
Aquí hay un enlace al reporte final que comparte las rutas actualizadas con las Zonas de Restricción de Circunvalación de Camiones. Creo que sería útil mostrar este porque aunque se han eliminado muchas rutas, se sigue permitiendo el paso de camiones por estas zonas

- 18:51:20 From CSC- Roberta Meneses y Efrain Meneses: Mis sinceras condolencias, te acompañamos en tu sentimiento.
- 18:52:45 From CSC - R - Lilia Becerril: Gracias Ivanka

- 18:56:18 From Bikere Ikoba, H+Co (she/her): Thank you, everyone, for your patience as we get to your questions and comments.
- 18:56:43 From CSC-Araceli Sanabria: Estoy de acuerdo con todo lo que dijiste Ivanka ya no queremos más contaminación en nuestras áreas
- 18:58:00 From CSC-R- Estela Ortega: Muy. Ciertamente lo que dice Ivanka cada vez hay más camiones de carga pesada por la central - desde empezando la Jensen hacia todo el sur de la cedar / calles están llenas de baches y esas calles están en muy mal estado; no entiendo como a veces quieren abrir mas calles o carreteras si no pueden mantener las calles actuales gracias
- 18:59:53 From Spanish Interpreter, Tania, Linguística: CSC- Roberta Meneses and Efrain Meneses
My sincere condolences, we are with you in your feelings.
- CSC - R - Lilia Becerril
Thank you Ivanka
- 19:00:30 From Spanish Interpreter, Tania, Linguística: CSC-Araceli Sanabria
I agree with everything you said Ivanka we don't want any more pollution in our areas.
- CSC-R- Estela Ortega
Very. True what Ivanka says there are more and more heavy duty trucks through central - from starting the Jensen to all south of the cedar / streets are full of potholes and those streets are in very bad shape; I don't understand how sometimes they want to open more streets or roads if they can't maintain the current streets thanks
- 19:10:26 From Mary Lou Rodriguez: Thank you, Ivanka, you expressed perfectly our concerns and feelings
- 19:19:54 From csc-Ivanka Saunders: Yes
- 19:20:23 From csc-Ivanka Saunders: These zones will still allow trucks to get to the businesses near the sensitive receptors
- 19:20:53 From csc-Ivanka Saunders: If land use isn't updated to less impactful zones that don't required truck dependent businesses, then the trucks will still go thru there
- 19:22:30 From Sandra Celedon - Fresno BHC: But they can still drive through the bypass zones if there is a business within or across the zone that they have to get to?
- 19:24:23 From Spanish Interpreter, Dayana, Lingüística: Mary Lou Rodriguez: Gracias, Ivanka, has expresado perfectamente nuestras preocupaciones y sentimientos
- 19:25:13 From Nayamin Martinez, CCEJN: The proposed plan does not explain a serious and strong enforcement plan. The main goal of the study was to change the route of trucks and it seems that more attention was given to the safety issue because the questions asked were not properly drafted.

- 19:25:19 From Spanish Interpreter, Dayana,Linguística: CSC- Ivanka Saunders: Sí Estas zonas seguirán permitiendo que los camiones lleguen a los negocios cercanos a los receptores sensibles
Si el uso del suelo no se actualiza a zonas menos impactantes que no requieran negocios dependientes de camiones, entonces los camiones seguirán pasando por allí.
- 19:26:10 From Spanish Interpreter, Dayana,Linguística: Sandra Celedon - Fresno BCH: ¿Pero pueden seguir conduciendo por las zonas de circunvalación si hay un negocio dentro o al otro lado de la zona al que tienen que llegar?
- 19:27:02 From Spanish Interpreter, Dayana,Linguística: Mayamin Martinez, CCEJN: El plan propuesto no explica un plan de aplicación serio y sólido. El objetivo principal del estudio era cambiar la ruta de los camiones y parece que se prestó más atención a la cuestión de la seguridad porque las preguntas formuladas no estaban bien redactadas.
- 19:28:25 From Nayamin Martinez, CCEJN: I don't think this plan reduced significant number of routes. The differences in the map does not support this claims.
- 19:28:50 From Jasmin Martinez, they/she, CVAQ: Reacted to "I don't think this p..." with 
- 19:29:12 From Jasmin Martinez, they/she, CVAQ: Reacted to "If land use isn't up..." with 
- 19:30:04 From P-Yonas Paulos: Thank you 
- 19:30:06 From Spanish Interpreter, Dayana,Linguística: Nayamin Martinez, CCEJN: No creo que este plan haya reducido significativamente el número de rutas. Las diferencias en el mapa no apoyan esta afirmación.
- 19:31:30 From P-Yonas Paulos: When we play politics people will die
- 19:31:49 From Alt - Natalie Delgado-Carrillo, CCEJN: Reacted to "When we play politic..." with 
- 19:34:45 From Nayamin Martinez, CCEJN: I agree with tLisa's recommendation.
- 19:36:03 From CSC-Araceli Sanabria: Que triste que como siempre no escuchen nuestra voz y solo les preocupe lo económico y les den la razón a los dueños de negocios y nunca se preocupen por nuestra salud
- 19:37:49 From Spanish Interpreter, Tania, Linguistica: P-Yonas Paulos
Cuando jugamos a la politica la gente muere

Nayamin Martinez, CCEJN
Estoy de acuerdo con la recomendación de Lisa.
- 19:38:15 From Spanish Interpreter, Tania, Linguistica: CSC-Araceli Sanabria
How sad that as always they don't listen to our voice and only care about the

economy and give reason to the business owners and never care about our health.

19:46:25 From Alt - Natalie Delgado-Carrillo, CCEJN: Thank you Bikere and Amy for your facilitation and for elevating our concerns and for getting clarification

19:46:47 From Spanish Interpreter, Tania, Linguistica: Alt - Natalie Delgado-Carrillo, CCEJN
Gracias Bikere y Amy para su facilitación y para elevar nuestras preocupaciones y para conseguir la clarificación

19:46:48 From CSC- Roberta Meneses y Efrain Meneses: De nada gracias a ustedes.
