01:48:52 Michelle Byars - CARB: Peer-to-Peer applications are due April 10.
Information here: Help Build a Statewide Peer-to-Peer Network for All Things Community Air Protection
The District also sent a detailed email on March 13 - check that for more information
CARB is looking for six people from CSCs across the state to join a team that will design a peer-to-peer network for all CSCs in the Community Air Protection Program.
Design team members will work with CARB staff and air district representatives to identify key topics and discussion leaders for a webinar series that will lift the stories and voices of all nineteen Program communities.

01:48:57 AD - Nancy Rios: Reacted to "Brent@hyphae.net" with 😊

01:49:08 Michelle Byars - CARB: Oil and Gas Methane regulation update
CARB is currently undertaking the rulemaking process to amend our oil and gas methane rule, titled Greenhouse Gas Emission Standards for Crude Oil and Natural Gas Facilities.
The amendments are designed to align with US EPA's OOOOc: Emissions Guidelines for Existing Oil and Natural Gas Sources, and will result in further reductions of methane from the types of sources already included under the regulation.
A public workshop to discuss the proposed changes will be scheduled this Spring, with a CARB Board hearing currently scheduled for October 2025.

01:51:44 Spanish Interpreter, Tania, Linguistica: Michelle Byars - CARB
Peer-to-Peer applications are due April 10.
Information here: Help Build a Statewide Peer-to-Peer Network for All Things Community Air Protection
The District also sent a detailed email on March 13 - check that for more information

01:52:07 Spanish Interpreter, Tania, Linguistica: CARB está buscando a seis personas de los CSC de todo el estado para unirse a un equipo que diseñará una red de pares para todos los CSC en el Programa Comunitario de Protección del Aire. Los miembros del equipo de diseño trabajarán con el personal de CARB y los representantes de los distritos de aire para identificar los temas clave y los

líderes de discusión para una serie de seminarios web que elevarán las historias y las voces de todas las diecinueve comunidades del Programa.
